## 73RD COLLEGE DAY REPORT

*February 27, 2026*

Honourable Chief Guest **Dr. J. Paul Jayakar**, Principal and Secretary, The American College, Madurai;
Rev. Dr. Sr. Ignatius Mary, Secretary;
Vice-Principals, Heads of the Departments, IQAC Coordinator,
Esteemed Members of the Faculty and Non-Teaching Staff,
Members of the Student Council,
My dear Students, Parents, Alumnae, Stakeholders, and Media Personnel - a very pleasant morning to you all and a proud welcome to the **73rd College Day Celebrations** of Fatima College.

***"Commit your way to the Lord;***
***Trust in Him, and He will act."***
***— Psalm 37:5***

Seventy-three years ago, a noble dream was born in the heart of a visionary woman—**Mother Rose Benedicta**—who believed that education is not merely the transmission of knowledge, but the transformation of lives. With unwavering faith and courageous foresight, she dedicated herself to the cause of women's education, especially for the poor, the marginalized, and the voiceless. Today, her dream stands tall as a living institution of hope, dignity, and empowerment.

Fatima College continues to walk in the light of this sacred legacy—committed to shaping young women who are intellectually enlightened, morally grounded, socially responsible, and spiritually inspired. In alignment

with its vision and mission, the College seeks to form women of character and conscience, leaders with compassion, and citizens with a deep sense of justice and service.

In an era of rapid change and global challenges, the College embraces innovation with purpose. Through learner-centric pedagogies, experiential learning, digital integration, and outcome-based education, we prepare our students not only for careers, but for life. We strive to create a learning ecosystem where curiosity is ignited, creativity is nurtured, and critical thinking becomes a way of being.

Our curricular, co-curricular, and extension programmes serve as bridges between the classroom and the community. They instil in our students the values of empathy, resilience, and civic responsibility. Each initiative reflects our conviction that education must heal, uplift, and transform society.

Guided by a culture of quality and continuous improvement inspired by the NAAC framework, Fatima College journeys forward with renewed commitment—towards academic excellence, social relevance, and global engagement. We envision an institution that stands as a beacon of inclusive education, a cradle of leadership, and a catalyst for sustainable development.

It is with deep gratitude and pride that I present a brief report of the Academic Year **2025–2026** through a video presentation. This visual narrative captures our milestones, achievements, best practices, and quality initiatives, and bears witness to the collective efforts of our management, faculty, staff, students, and stakeholders.

## ❖ EARN WHILE YOU LEARN SCHEME

The **Earn While You Learn** scheme is a targeted institutional initiative designed to support socio-economically disadvantaged students by providing structured part-time employment within the college library. Through this programme, students receive systematic training in library management and operational practices.

The work schedule is thoughtfully organized: maintenance of library facilities is undertaken on Mondays and Thursdays; shelving, classification, and verification of books are carried out on Tuesdays, Wednesdays, and Fridays; and Saturdays are dedicated to specialised tasks such as mending, binding, and repair of damaged resources. In addition to these routine responsibilities, students participate in monthly large-scale activities, including deep-rack cleaning, damage assessment and reporting, and barcode maintenance.

By integrating regular hands-on tasks with periodic intensive projects, the programme not only provides financial assistance but also equips students with comprehensive, career-enhancing skills in physical inventory management, library operations, and institutional work

discipline, thereby contributing meaningfully to their academic continuity and employability.
