Awareness on Intellectual  
Property Rights**

**26.07.2019**

**No. of Participants: 778**

## Program

- 09.00 A.M : Registration  
09.30 A.M : Inauguration  
Welcome Address : **Dr. Vasantha Esther Rani,**  
Dean of Research(Shift-I), Fatima College.  
Inaugural Address : **Dr. Sr.G. Celine Sahaya Mary,**  
Principal, Fatima College, Madurai.  
Vote of Thanks : **Dr. S.L. Kumari,**  
Dean of Research (Shift-II), Fatima College.
- 10.30 A.M : **Keynote Address:**  
"Patent Filing Procedure of Indian & International Application"  
**Shri Oggu Prasad Rao,**  
Deputy Controller of Patent and Designs,  
Govt. of India, Chennai.
- 11.30 A.M : Tea Break  
12.00 Noon : **Technical Session:**  
"Intellectual Property Rights"  
**Mr. Arumugam,**  
Librarian, PSG College of Technology,  
Peelamedu, Coimbatore
- 01.30 P.M : Lunch  
02.30 P.M : **Interactive Session:**  
"Research Indicators and Predatory Journals"  
**Mr. Arumugam,**  
Librarian, PSG College of Technology, Peelamedu, Coimbatore
- 03.30 P.M : Valediction
- Welcome Address : **Ms. S. Selvarani,**  
Asst Dean of Research (Shift-II), Fatima College.  
Valedictory Address : **Dr. Sr. M. Francisca Flora,**  
Secretary, Fatima College, Madurai.  
Vote of Thanks : **Dr. S. Sugumari,**  
Asst Dean of Research (Shift-I), Fatima College.

### About College

Fatima College, Mary Land, Madurai, is a Post Graduate & Research Institution for Women affiliated to Madurai Kamaraj University. It is a Catholic minority institution established and run by St. Joseph's Society of Madurai (of the Congregation of the Sisters of St. Joseph of Lyons, France). This institution came into existence through the tireless efforts of the heroic sacrifice of Rev. Sr. Rose Benedict, the founder of the College. The College was started in St. Joseph's Campus Madurai as a Second Grade College with 63 students in 1953. It became a Post Graduate College in 1964, Autonomous in 1990 and Research Centre in 2004. The College now offers 20 Under Graduate Courses, 5 M.Phil Programmes and 6 Departments have become Research Centres. It has Strength of 4570 Students, 204 Teaching Staff and 95 Non-Teaching Staff.

### About Research Committee

The Students Research Forum (SRF) is a platform for building researchers to showcase their innovative work-in-progress. The Research Advisory Committee (RAC) and the Intellectual Property Rights (IPR) Cell arranges interfaces with scientists & academicians. The Students are encouraged to take up topical, viable interdisciplinary research projects. The IPR cell and RAC collaborate in organizing seminars. The aim is not only to develop research aptitude but also to sharpen the thinking skills for better citizens.

### About workshop

Intellectual Property Rights (IPR) deals with the protection of creations of mind, which have both moral & commercial value. IP law typically grants the author of an intellectual creation, exclusive rights for exploiting and benefiting from their creation. IPR is intended to stimulate the creativity of human minds. It encourages creative activity allowing investors / inventors in research & development, a considerable return on their innovations. IPR encourages publication, distribution and disclosure of their creation to the public, rather than keeping it secret. At the same time it encourages commercial enterprises to select creative works for exploitation. The various types of IP to protect our idea are Trade Secrets - protect secret information, Trademarks - protects brand, Copyrights - protects works of authorship, Patents - protects functional or ornamental features.

### Objective

- \* Create awareness on the knowhow of applying for patent which is the need of the hour.
- \* Create awareness on the various aspects involved in applying for Patents, Copyrights, Trade Secrets, Trade Marks.
- \* Create awareness on the products which are fabricated, formulated and standardized, that could be considered for patenting.
- \* Create awareness towards innovative research that paves way for applying for patents.

### Organizing Committee (IPR Cell & RAC)

**Dr. Vasantha Esther Rani, Dean of Research (Shift - I)**  
**Dr. Sugumari, Asst. Dean of Research (Shift - I)**  
**Dr. S. L. Kumari, Dean of Research (Shift - II)**

**The Research Centre of English**

**SHORT-FILM RELEASE-2018-19- REPORT**

The I M.A. English (2018-20) students of the Research Centre of English have produced two short films for the academic year 2018-19 as a part of the Journalism and Mass Communication -Practical Course. The short films produced by them are Kuyili and Ariya Sei- (Beware). The students involved themselves in the making of the short films by taking up various roles as director, assistant director, script writer and so on.

The short-films deal with the current social issues. The movie Kuyili brings to the fore the opportunities that lay open for women candidates to joining in the army. It hails the martyred Jawans exhorting all potential men and women to join the Indian army. It revolves around the story of a happy girl pursuing MBBS and whose father and brother are army officials. The peaceful life of the girl takes an unexpected turn when she loses her brother in the Pulwama attack. She then decides to join the army as an army doctor to serve the nation.

The movie Ariya Sei deals with the continuous use of social media and the lurking dangers of the social media. The story begins with a cop narrating the repercussions of evil uses of social media with his daughter. The film ends with a positive note that youngsters can use the same social media for saving lives and use productively.

The films were released on 7<sup>th</sup> August, 2019. The films were released by Mr. Abishek Moses, Assistant Professor, Department of Journalism and Mass Communication, The American College, Madurai in the presence of Dr. Sr. G. Celine Sahaya Mary, the Principal, Fatima College and Dr. A. Roselin Mary, Associate Professor and Head, The Research Centre of English. The students also shared their experiences in the making of the films and both the films were appreciated.

Designation : Team Lead, Infosys, Trivandrum.	Time : 2.00 p.m - 4.00 p.m
Phone No. : 9444638792	Venue : SJ Seminar Hall

**KEY POINTS HIGHLIGHTED:**

- ✓ The State of the Mobile Computing Industry and Current Job Opportunities.
- ✓ Mobile Computing Career meeting Real World Need.
- ✓ Fundamental issues involved with mobile data access.
- ✓ How Mobile Technologies Drive a Trillion-Dollar Impact

The session focused on how the Mobi Trends enhances user perception of the digital world and how to merge that digital world with physical world. He discussed about various security issues involved in mobile. He discussed about Telecommuting to work from home by accessing all the resources in the office. He discussed about various mobile technologies like 3G, GPS, LTE, WiMAX. He focused on the Mobile technology features of achieving Continuous Development, Continuous Integration, Continuous Testing, Continuous Deployment, Continuous Monitoring to deliver a quality software to the customer at a very fast pace.

**OUTCOME:**

- ✓ Students learned about Mobile -Connected Smart objects, M-Commerce.
- ✓ Students also came to know about designing innovative Mobile User interface.

**GUEST LECTURE: AWARENESS IN TECHNOLOGY - BLOCK CHAIN  
TECHNOLOGY**

**DATE: 22.08.2019**

**RESOURCE PERSON: Ms. Archan Rajesh, Director, First Source Training, Bangalore**

**PARTICIPANTS: 125**

Guest lecture was delivered by Ms. Archan Rajesh, Director, First Source Training, Bangalore for I,II and III BCA students to create an awareness about current trends and technologies in block chain. Starting from basics of block chain the needs, benefits advantages and usage of block chain was detailed. Real time applications of block chain with examples were discussed and the doubts raised from students was also clarified.

**DISRUPTIVE INNOVATIONS**

NAME	: Dr. P. Kayal,	Date	: 23. 09.2019
DESIGNATION	: Faculty of Computer Science, St. Mary's College, Hyderabad.	Time	: 10.00 – 12.00 noon
PHONE NO	: 8341391215	Venue	: SJ Seminar Hall

**KEY POINTS HIGHLIGHTED:**

- ✓ What is disruptive innovation?
- ✓ Various Disruptive Technologies
- ✓ Potential Opportunities and threats.
- ✓ Applications of Disruptive Technologies.

The session focused on the history and usage of disruptive technologies. She explained that disruptive innovation is an innovation that creates a new market and value network and eventually disrupts an existing market and value network, displacing established market-leading firms, products, and alliances. She also focused on the process of technology, major opportunities in various fields, possible threats like Drug resistant infections & traffic congestion. Information technology (IT) solutions focus on collecting, processing, and reporting different types of data. Very large data storages, known as big data, contain an increasing mass of different types of homogenous and non-homogenous information, as well as extensive time-series. The final goal should be the creation of scalable environmental solutions based on disruptive innovations and accurate data.

**OUTCOME :**

- ✓ Students came to know about disruptive technologies & its applications.

**CAP – CYBER AWARENESS PROGRAMME**

**CYBER SECURITY CELL – 2019-20**

**FATIMA COLLEGE, MADURAI**

Cyber Security Cell, Fatima College organizes various programmes to create awareness on the usage of smart gadgets and presenting the potential threats on using them. Cyber security is the practice of not only protecting the systems, networks and programs from unauthorized access also it provides adequate knowledge to the users to face critical situation and to overcome it. Awareness on Cyber Security should be complete only when it is inclusive of all the stake holders. So the Cyber Security Cell plans to organize a Special program CAP – Cyber Awareness Programme aiming to reach the school children who are easily vulnerable to such attacks.

**DATE:** Oct. 04, 2019

**KEY POINTS HIGHLIGHTED:**

- ✓ What is the importance of computer architecture?
- ✓ What is characteristic for the organization of a computer architecture?
- ✓ What are the components & types of computer architecture?
- ✓ What type of architecture do most computers use today?

The session focused on the basic architecture of a computer, The different components in the Computer System Architecture, different kinds of computer architectures such as CISC, RISC, MISC, TTA, and DSP architectures. Most desktop or laptop computers use CISC (complex instruction set computing) architecture made by Intel or AMD. Smartphones and tablets use RISC (reduced instruction set computing) ARM architecture. She briefly explained about four layers of computer architecture, reason for RISC better than CISC and differences between RISC and CISC.

**OUTCOME :**

- ✓ Students learned about fundamental organization of a computer system.
- ✓ Students came to know about functional units of a processor.

 Govt. Arts and Science college  
 Andipatti, Theni

This session was about  
 "AGGREGATION IN IOT for Prediction  
 of Diabetics with Machine Learning  
 Techniques" given by Dr.P. Punitha  
 Ponmalar and Dr.C.R. Vijayalakshmi.  
 The lecture was about how to  
 use IOT for prediction of Diabetics.  
 They explained about the Plan, Logical  
 and functional block of IOT in detail.  
 They taught us about aggregation in  
 IOT. They gave the difference between  
 Traditional programming and Machine  
 programming. They emphasized on the  
 concept of Smart diabetic System.  
 They discussed about the NEKA main  
 features.

This session was very interesting  
 and informative. They moved the  
 session in the interactive manner by  
 interacting with the students. This  
 session was very useful and beneficial  
 to the student.

DESIGNATION	: Technical Trainer, Kalvi Institute , Madurai.	TIME	: 10.00 - 12.00 noon
PHONE NO	: 8122348599	VENUE	: Seminar Hall

**KEY POINTS HIGHLIGHTED:**

- ✓ Importance of doing Microsoft Certification.
- ✓ How the certification helps in career?

The session was on the importance of doing Microsoft Certification. He highlighted that certification provides Credibility, Recognition of achievement, Quality assurance. He also told that Certified IT professionals have validated their knowledge and skill while not being tied to a particular vendor's products. Certification credentials provide a competitive advantage in highly competitive technology markets. This advantage applies to both the certificate holder and the hiring organization. He also listed various programming languages for certification like Microsoft, oracle, Tally ERP, etc.,

**Outcome :**

- Students were able to understand the importance of doing Microsoft certification.
- How it helps them to learn the up-to-date concept provided by both offline and online mode of service.
- They learned how it adds credit in their Resume.

**No. of Participants: 824**

**FATIMA COLLEGE (Autonomous), MADURAI-18**

**NATIONAL SERVICE SCHEME**

**Awareness on women safety**

**E-Kavalan App Demonstration**

**DATE:** 19.12.2019

**TIME:** 2.00PM- 4.00PM

**VENUE:** Fatima College, Madurai

Thiru. A. C. Chandranan, Assistant Commissioner of Police, Tallakulam and Tmt. M. Kalaivani, Inspector of Police, Sellur addressed the students on 19.12.2019 and demonstrated Kavalan SOS (save our soul) app to save themselves during emergency. They insisted the students to download in their Android based mobiles and tablets which could be used at times of distress and emergency. The SOS facility can be used to alert the police and seek assistance at times of physical assault, abduction attempts or any crime. For women, 'the SOS will help to reach the police when they face eve teasing, harassment and crime like chain snatching', they added. After downloading the app, the user will have to provide details such as name, address, mobile number, email ID and contact of an immediate relative among others. As the app access GPS location of the device, pressing of the SOS button will send the location of the user to the Tamil Nadu State Police Master Control Room. As soon as the alert is received, the control room sends the information to the police station which is close to the user of the app.

**CHIEF GUEST PROFILE:** Thiru. A. C. Chandranan, Assistant Commissioner of Police, Tallakulam and Tmt. M. Kalaivani, Inspector of Police, Sellur

**OUTCOME** The student learnt to handle difficult situations and to act wisely when they find themselves in harm's way.

**E-Kavalan App Demonstration**

**Thiru. A. C. Chandran addressing the students**

**CYBER CRIME & WOMEN'S SAFETY**

**DATE: 28/12/2019**

**Title/Topic of the Activity: CYBER CRIME**

**Time: 10AM-12PM**

**Venue: SJ Seminar hall**

The Programme was held on 28<sup>th</sup> December, 2019 at 10AM. The Chief Guest was Mrs.N.Hema Mala M.A, M.Phil, Inspector of police department , Anti human trafficking, Madurai City. The guest speaker spoke on the importance of **CYBER CRIME & WOMEN'S SAFETY**.

- She gave more awareness about women safety.
- She narrated a story of a girl who became a culprit in a crime because of a stranger who sends unwanted messages.
- She makes awareness about certain apps and unwanted calls from a stranger.
- She gave some instruction about "OYO" app (In which we can book rooms without any ID proof).
- She inspired us by her braveness and by her way of speaking.

In this function, Dr.Arasammal, Vice Principal and Coordinator of part-5 activities, Faculty in charges of part-5 activities and all the First year students were participated and grace the function.

Mrs.N.Hema Mala M.A, M.Phil, Inspector of Police addressed the gathering about cyber crime and women's safety

**Outcome:**

Students inspired by her braveness and by her way of speaking. How they protect themselves from this internet world.

DESIGNATION	: Executive Director, TANDEM, Madurai.	TIME	: 2.00 - 4.00 p.m.
PHONE NO	: 9894716115	VENUE	: Seminar Hall

**KEY POINTS HIGHLIGHTED:**

- ✓ Introduction to Selenium automation testing.
- ✓ How selenium is used to generate reports.
- ✓ Advantages of Selenium testing.
- ✓ Limitations in Selenium testing.

In this session, students learned about Selenium and have a hands-on demo on the working of Selenium IDE and WebDriver. Selenium is an automated testing tool that tests web applications across various platforms and browsers. Selenium IDE, RC, WebDriver, and Grid constitute the Selenium suite. Selenium is one such open source automated testing tool for websites. Performance, execution speed, and browser interaction of Selenium is too fast than any other automation tool.

**OUTCOME :**

- ✓ Understand the scope of Test Automation in DevOps and fundamentals of Test Automation
- ✓ Create Test Cases using Selenium IDE - Record and Playback tool
