International Conference on

"Managing Disaster – A Strategic Perspective"

29 & 30 September 2016

Department of MBA and PG IT of FATIMA INSTITUTE OF MANAGEMENT organised two-day international conference on 'MANAGING DISASTER – A STRATEGIC PERSPECTIVE' held on September 29 & 30, 2016.

Dr.P.Uma, The Director, MBA Department Welcomed the gathering. She stated that this event will be helpful for the gathering to understand disaster and the process of getting through it.

Rev. Sr. Dr. K. Fatima Mary, Principal, delivered presidential address in a two-day international conference organised by Department of MBA and PG IT on 'MANAGING DISASTER A STRATEGIC PERSPECTIVE' on September 29 & 30, 2016.

Rev. Sr. Dr. K. Fatima Mary, The Principal, Fatima College, Presided over the function and delivered presidential address. She emphasized that disasters are both natural and manmade.

Rev. Sr. Dr. Francisca Flora, Secretary, Fatima College, felicitated the conference, said that sustainability in disaster management leads to reflection, lobbying and networking of all the aspects.

Rev. Sr. Dr. S. Francisca Flora, Fatima College (Autonomous) felicitated the two-day international conference on 'MANAGING DISASTER A STRATEGIC PERSPECTIVE' held on September 29 & 30, 2016 organised by Department of MBA and PG IT

Proceeding Released in a two-day international conference organised by Department of MBA and PG IT on 'MANAGING DISASTER A STRATEGIC PERSPECTIVE' on September 29 & 30, 2016.

The proceedings of the international conference with ISBN:9788193023426 was released by SR. Fatima Mary Principal, Fatima College (Autonomous) and the First Copy was given to **Dr. Pradeep Meyo**, Director, MACC, Singapore..

The keynote address was delivered by the chief guest Mr. Pradeep Meyo, Director, MACC, Singapore. The speaker initiated his speech by emphasising that 'the disaster management is not a failure management, rather it is a protective management' and people learn from their mistakes. He expressed three factors which helps to get out of disaster management that are, first factor is the pursuit of knowledge, the second factor is down to earth being an MBA graduate and working with shop floor workers. Yet, another factor is, people need to continuously evolve themselves. Finally, he concluded the session by encouraging the gathering to come out of their own self-interest and contribution as an act of preventing disaster.

Mr. Pradeep Meyo, Director, MACC, Singapore, Delivered keynote address in the two-day International Conference on 'MANAGING DISASTER A STRATEGIC PERSPECTIVE', Organized by Department of MBA and PG IT on September 29 & 30, 2016

Mr. Krishnan Subramanian, founder, The Yellow Bag, Madurai delivered Special address in the two-day International Conference on 'MANAGING DISASTER A STRATEGIC PERSPECTIVE', Organized by Department of MBA and PG IT on September 29 & 30, 2016.

The special address was delivered by Mr. Krishnan Subramanian, founder, the yellow bag, Madurai. He highlighted the two factors that prevent us from natural disaster. The first factor being sustainability of natural resources that prevents harmfulness to our society. The second factor emphasized by him is the habit of

'using and throwing' is to be shifted to the habit of 'creating and using'. He induced the audience to stop usage of plastic bags and to use cloth bags to enhance sustainability of natural resources.

Dr. P. Shyamala, Head of the Department of Information Technology proposed vote of thanks.

Ms. Mathilde, Health officer, France highlighted the 7 principles of disaster management as understanding and assessing risk, forecast and early warning, promote education and risk awareness, sustainable planning development, reducing vulnerability by mitigation, prepare and manage crisis and

evaluation and improvement. The need for an integrated approach to assessing environmental health issues and priorities after a disaster has been highlighted by the speaker. And also the emphasised the most effective way to protect the health of people imparted by disasters is to ensure adequate shelter, water, food and sanitation.

Mr. Samuel Rukomia Kanguru, Kenya, presented a comparative analysis of disaster management from the view point of India and Africa. He presented the causes and effects of natural and manmade disasters. He says that the disaster doesn't discriminate any country. He expressed his views on the impact of deforestation and also the speaker reminded the gathering that "When you cut one tree, plant tow tress" his speech was positive with regard to the topic to consolidate the session Mr. Samuel Rukomia Kanguru mentioned that the preparation for managing the upcoming uncertain disaster takes longer time than an actual event. And also he is very much concerned towards creating awareness on disaster management through social media especially radio and newspaper.

The afternoon session was started with the presentation of Ms. Mathilde, The speaker started the speech regarding natural disaster. She shared the France disaster Management. She highlighted the Precautions during the disaster in France. She emphasized that the tactics of precaution during Chennai Flood is followed by France during Chennai flood is followed by France during their

disaster. The speaker underline that the manmade disaster are increasing now a days. After Ms. Mathilde Presentation the skype session was arranged

A Skype session on the Topic “managing Disaster – A strategic Perspective” was a part of the two day international conference organised by department of MBA and PG IT of Fatima Institute of Management, Madurai.

Mr. Ravichandran talked about the risk assessment in Banking sector. The speaker started with the introduction of risk assessment. He talked about the problem faced by harmful competencies. He highlighted that the risk can only be reduced when the consequences of disaster is reduced. He emphasised many techniques of risk to overcome the risk management. He finally concluded that it is important to know the various disaster and outcomes of it to learn from that.

He started that presentation by saying that disaster should be managed by us. He highlighted that the major disaster is manmade disaster. He suggested that we should prepare the idea for the disaster that the prevention and spontaneous of facing the disaster. He enlightened that idea for the disaster should be planned within ourselves. He underline that the preparation and spontaneous ourselves he underline that the preparation take a longer time that the actual event finally the speaker quoted that that “Don’t built your house in a shore or soil”.

Mr. Amarnath, CEO of BGP Company addresses got an award on the name of “Budding engineer of India”. The speaker talked on the topic of “Role of Youth in disaster Management” He Underline that the 6.5% to 7.5% of the youth are not aware of the disaster outcomes. He enlightened that the youth’s minds should be channelized otherwise it will affect the environment. He discussed about the importance of role of youth in India. He requested everyone that they should have presence of mind in saving the people in terms of disaster. He highlighted that the youth should be ready for facing all situations rather than neglecting & escaping from the situation. The speaker finally concluded that the humanity should be improved in every minds of youth and humanity is greater value among the life values.

Dr. Prof. Venkatesh from Ackland, started with the introduction of disaster Management. Then the speaker moved on to the topic of disaster Management in supply chain management. He discussed about the humanity supply chain

management. He emphasised that that supply chain management is positive approach and it is a profit oriented. He highlighted that the supply chain management is worked by NGO's in terms of disaster. He underlined the supply chain management helps through NGO's in emergency situation. He enlightened that the many NGO's are created as precaution by supply management. Then finally the speaker concluded that the supply chain management also plays major role in sister management.

- ❖ **INGENIOUS CAPACITY**
- ❖ **MIME**
- ❖ **MEGISTANOUS of 2K16**
- ❖ **POSITION HOLD UP**
- ❖ **STUMBAL THE JUMBLE**
- ❖ **POSLOVNI PLAN**
- ❖ **B Quiz**
- ❖ **PUZZLE OF CONNEXIONS**

On the whole in which 99 under graduate (BBA & B.Com) and 46 MBA courses students from 8 colleges were participated in this inter collegiate competition Zelot 2K16.

Ms. Kalpitaa Rani of I MBA delivered the welcome address. Ms. Grysta Mercy of III MBA president of the Zealot 2K16 explained about the events. Ms. Swarnalatha of II MBA secretary of Zealot 2K16 explained about the rules & Venue of the events. Video Presentation was made about the department activities and achievements about the department activities and achievements.

Ingenious Capacity

The students from seven colleges participated in the event in seminar hall. The arbiter of the event was Ms. Kathiga and M.I Afroza, The alumnae of the department. The rules of the event are as follows No. Of Participants Min 4, Max 6 per team Round I- Own Product Presentation Round 2 — Spot product would be

given. •No vulgar word should be used. • The concept should be made clear. • Time management is essential

The team from the American college was the winner and the team from Lady Doak College Was the runner

MIME

The students from five college participated in the event in seminar hall. The rules of the event are as follows

No. Of. Participants 6-10 per college

5-10Mins for each team

* Theme Managing Disaster — A Strategic Perspective.

BGM and other should be brought by the participants,

From the colleges KSR college students are winner and VVV colleges are the runner & the instructor was Dr. S. Beulah Mabel< assistant Professor of MBA department.

Megistanous of 2K16

The students from five colleges participated in the event in SJ17 and seminar hall the rules are listed as follows

No. Of. Participants 2 per college

Preliminary Round — General Quiz (70% Finance and 30 % Others)

Round 1 : Cash Management (5Mins)

Round 2 : Rapid Fire Round (4Mins)

Round 3 : Interpretation Of Financial Statement (5Mins)

Round 4 : Case Study Presentation (30Mins)

Laptop is a must for case preparation.

Four students were shortlisted among five participation In the first round.

The second round was rapid fire in which 3 participants were shortlisted for the next round.

In the third round financial management 2 were selected for the final round.

Then the final round was conducted in seminar hall on case analysis. Dr. P Uma , Director of MBA Department Judged the final round among three students. K. LokaPriya, of KSR College won the title “Best Manager”

Position Hold Up

The students for 8 college participated in the event in SJ19. The rules are listed as follows No of participants 5 per group. Spot Situation would be given.

The ombudsman of the event was MS. Karthika, Alumni of the department. The students from KSR college were the winner and Thiagarajar college of Arts and Science were runner.

Stumble the Jumble

7 Teams participated in the event & the rules are listed as follows

No. of participants 6 per team Round I- Jumbled letters would be given and participants have to find as many as possible entrepreneurs name within 5Mins. Round 2 Connexions of CEO's Name would be conducted.

The Rules the intercessor was Dr. S.L.Kumari, Head of the BBA department and Dr. N Vanitha, Assistant Professor, in BBA department, Fatima College. The winner was Lady Doak college and runner was KSR college

Poslovni Plan

The intercessor was Dr. S. L.Kumari, Head of the BBA department and Dr. N Vanitha, Assistant Professor, in BBA department, Fatima College. The rules are listed as follows The winner was Lady Doak college respectively.

- No. Of participants 6 per team * The participants should bring their plan copied in a CD

B-Quiz

The students from 7 colleges participated in the event in SJ 8 the rules are listed as follows –

No. Of. Participants 2 per team

Round 1 : A question will be asked to a team and if they are unable to answer it will be passed to the next team- 24 Question

Round 2 : rapid Fire Round • Each team will be asked 10 questions one after another in 1 min time : 60 Questions

Round 3 : Buzzer Round : A question will be fired & the team who presses the buzzer first get to answer first — 6 questions, 30 sec and no passing.

Round 4 : Audio Visual Round :Team will be shown clips and will have to answer 12 questions 30 sec, No passing

* Surprise Round in case of tie up in the final round.

The students from KSR College and VVV college were the winner and runners of the event respectively.

ABOUT THE COLLEGE

Fatima College (Autonomous), with the lofty ideas of the founder Mother Rose and the tireless efforts of the Missionary Sister of St. Joseph of Lyons has held steady to its quality pursuit in higher education from its inception since 1953. The National Assessment and Accreditation Council (NAAC) accredited the College with the highest rating of 5 stars and re-accredited with "A" grade. In the year 2004, the Status "College with potential for Excellence" was conferred by the UGC. In 2006 and 2013, NAAC re-accredited and honoured the college with 'A' grade.

ABOUT THE DEPARTMENTS

The AICTE approved professional course MBA (Master of Business Administration) was started in the year 1996. This programme is designed to inculcate knowledge, to hone up skills and to empower women to face corporate challenges. The PG Department of Information Technology was established in the year 2000. Based on the emerging requirements of the global market, which is totally backed up by IT, the following courses are offered by the department M.Sc.(Information Technology & Management), M.Sc.(Computer science & Information Technology). The courses are specially designed to suit ever-changing trends in IT industry and to provide the right ground to facilitate placement.

CONFERENCE THEME

Disaster is a serious disruption of the functioning of a community or a society. Disasters involve widespread human, material, economic or environmental impacts, which exceed the ability of the affected community or society to cope using its own resources. Local, regional, national and international organizations are all involved in mounting a humanitarian response to disasters. Each will have a prepared disaster management plan. These plans cover prevention, preparedness, relief and recovery.

Managing Disaster is a sustainable development goal that integrates the utilization of

resources during natural disasters, environmental emergencies, complex emergencies and pandemic emergencies. The disaster management programmes have been set up to facilitate a paradigm shift from the hitherto relief-centric approach to a more proactive, holistic and integrated approach of strengthening disaster preparedness, mitigation, and emergency response.

The Objectives of this International Conference are

- * To identify the potential and examine the existing practices in Disaster Management
- * To overview government policies on Disaster Management in education at Professional levels
- * To develop a critical & practical understanding of factors that lead to challenges during disasters
- * To discuss the best practices of the implementation of strategies, technology in Research, Education and Organization
- * To enhance interaction and exchange of ideas between Researchers, users and policy makers.

NATIONAL SERVICE SCHEME

AWARENESS SESSION ON HEALTHY EATING HABITS

DATE: 06.10.2016

TIME: 2.00PM- 4.00PM

VENUE: Fatima College, Madurai

After a long night of studying followed by an early-morning wake-up call and rush to the bus stop, our college students often struggle to fit a healthy breakfast into their routine. Though breakfast is important for all family members, it's particularly critical for teenagers who need lots of energy throughout the day to remain alert and support their busy growth. With as many as a third of teenagers skipping breakfast, health and wellness problems are on the rise. Keeping this thought in mind, NSS wing of Fatima College arranged an awareness session on "Healthy Eating Habits" on 06.10.16. The key objective of this programme is to change the attitude of college students towards healthy food choices and habits. Dr. V.Sarojini, Assistant Professor, Madurai Medical College, Madurai was the resource person who delivered a lecture.

Healthy eating is not only important for your diet, it's also important as a part of your personal well-being. Starting healthy eating habits at a young age will possibly help people as they get older. She advised the students not to skip the breakfast and added the consequences of missing breakfast and lunch which may cause ulcers in the stomach and add on to various problems like polycystic ovary syndrome, obesity and acidity problems. She asked them to combine balanced diet with physical activity which will help them to live a long and healthy life. Also she quoted "It is your meal strategy that determines your figure". She spoke about the junk foods and said a healthy diet is one which is low in saturated fats, high in starch and dietary fibre and low in sugar. Just because something is fat free or low fat doesn't mean that they can be

taken as much. Many low-fat or nonfat foods are also high in calories. Carbohydrate and protein content of different foods were tabulated and shown to students.

CHIEF GUEST PROFILE: Dr. V. Sarojini, Assistant Professor, Madurai Medical College, Madurai

OUTCOME: Students were very much inspired by the hand model description of the food illustrated by the speaker. They took oath to be smart about their food choices and get a good amount of exercise. Students interacted well at the end of the session with the doctor and also got their queries answered.

Dr. V.Sarojini, was the resource Person for the session on “Healthy Eating Habits” and she was welcomed by the NSS volunteer.

Part V - Commemoration of World Aids Day

WORLD AIDS DAY

DATE: 01.12.2016

TIME: 2.00 PM -4.00P M

VENUE: Fatima College, Madurai.

World AIDS Day is an annual observance that takes place on Dec 1, 2016 to educate the public about the impact of HIV and AIDS on young people and to highlight the work young people are doing across the country to respond to the epidemic. NSS wing of Fatima College organized an awareness programme. Shri Jeyapandi, District Coordinator, RRC and a HIV positive person was invited to address the NSS volunteers. Unfortunately social stigma against AIDS and HIV infected patients is a reality that cannot be denied. In such a grave situation, it becomes a necessity to spread awareness not only on the facts of the disease, its prevention, transmission and treatments, but also to educate the general minds to show solidarity and support to people who are infected with HIV. The invited speaker Shri Jeyapandi, District Coordinator, RRC spoke on the causes, prevention and transmission of the disease. He gave a broad outlook on the scientific approach of the treatment of disease. The other speaker, a HIV positive person, gave the social perspective behind the nature of occurrence of this disease especially in the women folk through her own story. It was really a heart touching speech which made many in the audience to shed tears. The awareness session ended with students taking oath on showing solidarity and support to people who are infected with HIV.

Designation :Sub. Inspector of Police, Madurai

Phone No. :8300011669

Date : 14.12.2016

Time : 2.00 p.m - 4.00 p.m

Venue : Seminar Hall

Key Points Highlighted:

- ✓ What are the self awareness skills?
- ✓ What does it mean to be more self aware?
- ✓ What is meta cognition in education?
- ✓ How can I improve my self-awareness?

CONTENT :

The session started by giving an introduction to self awareness. She clearly explained how to be an independent self concept, how to direct their own learning. She accumulated a reservoir of life experiences that can be a resource for the students. She also insisted that it should be internally motivated rather than to learn externally.

FEEDBACK :

Student gained knowledge on

- How to recognize strengths and weaknesses.
- How to identify what she needs to complete a task.
- How to recognize errors in schoolwork.

- How to understand and talk about her feelings.
- How to recognize other people's needs and feelings.

Ms. Shanthi, Sub-Inspector of Police, Madurai addressed the students about self-awareness

HEALTH MANAGEMENT USING YOGA

Name : Mrs.L.R.Rani
Designation : Yoga professor, TN Open University, Madurai
Phone No. : 8124596709
Date : 27.02.2017
Time : 2.00 p.m - 4.00 p.m
Venue : SJ8

Key Points Highlighted:

- ✓ **The event emphasized on the importance of Yoga.**
- ✓ **She stressed on the need of practicing Yoga and Yoga as a way of life.**

The session started with an introduction about a simple way called “YOGA” through which we can make all the body parts healthy and perfect. She persisted that it is a practice of different body postures, “ASANAS” which helps a lot to become healthy, fit and fine. She explains Yoga can remove the stress, depressions from human mind and results a better health and a better mood. She insisted that Yoga is a kind of meditation and peaceful environment is required to do Yoga. She encouraged us that Morning timing is the best suitable time for Yoga. We also get knowledge that India is recognized as the Leader in Yoga.

OUTCOME:

- ✓ *This session is very useful to know the importance and awareness of Yoga*
- ✓ *We understand, that it improves our flexibility, perfects the posture, protects our spine, betters our bone health, ups our heart rate and etc.*

Ms. Rani, Professor of Yoga, TN Open University demonstrated poses of yoga to the students on 22.07.2017 at San Jose, Fatima College, Madurai
