WELCOME ADDRESS

“My heart praises The Lord
My soul is glad because of God my Saviour,
For he has remembered me his lowly servant!
From now on all people will call me happy,
Because of the great things the mighty God has done for me”.

Luke 1:46-49

Garlands of scholastic achievements are being landed in the land of Mary, Fatima College, Mary Land. Mankind's greatest service to humanity is education. The great poet Bharathi says it is better to educate a poor than building feeding centres and temples. We, the Fatimites feel elated to echo with resounding happiness that we empower millions of womenfolk of this universe for not only India but every nook and corner of this world is served by the women who emerged from the portals of Mary Land. Our dear Mother gave her only begotten son to be the teacher of humanity and we follow on her footsteps.

Little nuggets about the college would be befitting for a welcome address. After celebrating the diamond jubilee the fortress walls of Fatima becomes stronger and sturdier by the unceasing efforts of the sisters of Lyons, whose effort is a milestone in the history of women in Madurai. A city whose name is synonymous with Tamil has another feather in her cap in the guise of this college. Wouldn't it be wonderful to remember the great soul who was instrumental in setting up this college? Yes, Our dear Mother Rose with her untiring efforts and the heart of the Lioness had made it a reality. Years roll by but the image is still glowing strong and growing in stature.

Honourable chief guest Dr. A. Muthumanickam, a doyen in the field of education, currently **Registrar in charge of Madurai Kamaraj University**,

Notwithstanding with these his yeomen service still continues on his progressive path.

A modern man in his approach and demeanors, his wisdom may be utilized by the present generation of youngsters. I believe you would be enhancing just by helping others, and what a nice trait it is indeed!

Our heart overflows with pride and happiness to see you, our children, who have won honors. You will be the replica of the power of this institution. Many Fatimites are ruling the world; you with your achievements are going to join the galaxy. Many new scientists, researchers, administrators, teachers, physicists, chemists are beginning their quest for a conquest. We welcome you all. May you bring laurels to this country.

Dear parents, the ever changing world opens new vistas to your children. You are about to witness the great change which will be brought out by these very children whom once you entrusted with us. We have made them fit for the world in every sense. They will be responsible citizens of our country, pious women of their respective homes, and they will be a force to reckon with to the entire world.

“She is more precious than jewels, and nothing you desire can compare with her. Long life is in her right hand; in her left hand are riches and honor. Her ways are ways of pleasantness, and all her paths are peace. She is a tree of life to those who lay hold of her; those who hold her fast are called blessed”. Proverbs in the bible says thus about women.

We are very happy indeed to welcome all our well wishers, friends from newspapers, periodicals, and TV channels and we thank you for gracing the occasion. May our dear mother protect everyone gathered here and may the Almighty bless us all. Once again I welcome you all.
