## **WELCOME ADDRESS**

**“Trust in the Lord with all your heart and lean not on your own understanding; in all your ways submit to him, and he will make your paths straight.” Proverbs: Chap 3:6**

Good morning one and all! I welcome you all to the **63<sup>rd</sup> College Day Celebrations.**

I extend a whole hearted Welcome to the dignitaries present on the dais.

Respected Dignitaries on the dais, honourable chief guest **Thiru. U. Sahayam IAS**, the Dynamic Principal of our college Dr. Sr. Fatima Mary, the Graceful Secretary Rev. Sr. Francis Pauline, the effervescent Vice principals Rev. Sr. Fatima Michael, Mrs. Mary Jesintha, Mrs. Fernando Delicia, the dedicated staff of the College, members of the College Union and my dear student friends.. Good morning to you all

I deem it an honour to stand before you to welcome one and all to this 63<sup>rd</sup> College Day celebration. At the outset I bow my head in reverence to the Lord Almighty and I humbly seek His blessings on this joyous day..

I feel elated to welcome the guest of honour **Thiru. U. Sahayam IAS**, vice-president, Science City, Chennai, an officer with a reputation for honesty and integrity. His office door bears the sign ‘Lanjam thavirthu, Nenjam Nimirthu’, that is his motto and he lives up to it. This valiant crusader against corruption has been transferred over 20 times in more than two decades of public service.

He hails from a farmers’ family as the fifth son of Thiru Ubaharampillai from a village named Perunchunai, Pudukkottai District. He had his primary education in a Tamil-medium panchayat elementary school and his secondary education in Government Higher secondary school at Ellaippatti. He eventually received his

master's degrees in social work and in law. He passed the civil service examination, but was not chosen as an officer in the Indian Administrative Service (IAS). He then took the Tamil Nadu Public Service Commission exams; that helped him to join the administrative service in 1991 as sub-divisional magistrate of the city of Ootacamund.

By the year 2000, he was appointed as the additional district magistrate in Kanchipuram. There, he closed the Pepsi bottling plant and forbade the sale of its output after dirt was found in several bottles. He also took on the so-called "sand mafia", responsible for unauthorized mining of sand from the bed of the Palar River,.

In the year 2004, while working as deputy commissioner of civil supplies in Chennai, he discovered that subsidized gas cylinders intended for domestic use were being illegally used by restaurants. He confiscated 5000 such cylinders. He had always lived up to the meaning of his name, ubaharam and sahayam. yes an epitome of benevolence and timely support.

In the year 2009, he had been promoted as District Collector of the Namakkal district. In that year, he posted details of his personal assets on the District website. He was the first IAS officer in Tamil Nadu to publicize his financial information. His courage and transparency are vivid from this act.

In Namakkal, he attempted to reform the village administrative officer (VAO) system. When the enraged VAOs attempted to have him transferred, over 5000 villagers protested the transfer attempt, forcing its withdrawal. He is indeed the hero of the masses.

In March 2011, at the behest of the Election Commission of India, he was named district Collector of Madurai district and charged with the task of ensuring

that the 2011 Legislative Assembly elections were conducted fairly. He staged a campaign to educate voters about the law, and to urge them to reject bribes; He was later awarded an appreciation certificate from the Chief Election Commissioner, S Y. Quraishi, for conducting free and fair elections.

In May 2012, our honourable guest, investigated reports of illegal granite quarrying in the vicinity of Madurai. Four days after the submission of his report he was transferred to the post as managing director of Co-optex, a handloom weavers' cooperative in Chennai.

His steadfast battles against corruption and beurocracy lead to another array of transfers. He was transferred twice in September 2014: first to the position of Indian Medicine and Homeopathy commissioner; then, two days later, to the vice-chairmanship of Science City in Chennai. As on date he holds this position through which he is making a valuable contribution to the growth and development of Science and Technology in the State.

Although the granite-quarrying investigation had languished after his transfer, the issue did not die. In July 2014, a citizen activist filed a petition with the Madras High Court, seeking to rekindle the inquiry. In response, the court appointed our guest to the post of Special Officer-cum-Legal Commissioner, charged with the task of investigating all mining operations in Tamil Nadu, and ordered the State government to relieve him of the Science City post. He took up this assignment as a great challenge and brought to light many hidden facts. He is indeed a visionary and a revolutionary.

I feel proud in welcoming this great personality ..sir ..I like to quote two verses from the Bible. God holds victory in store for the upright and he is a shield to

those whose walk is blameless Prov. 2: 7 Light is shed upon the righteous and joy on the upright in heart. Psalms 97.11., In the light of these two verses I offer you a very hearty welcome

At this juncture I like to welcome Mr.Karthikeyan, the superintendent and his team who have accompanied our guest. Welcome.

I welcome our vibrant principal Dr. Sr. Fatima Mary who is the driving force behind any endeavour in this college. Her innovation and dedication has enabled the College to scale new heights. Today is her day to portray the achievements of our College under her efficient leadership. I'm really delighted to Welcome you dear sister..

I take this opportunity to welcome our beloved Secretary Rev.Sr. Francis Pauline, a mentor and a counselor. Her counsels had always been brilliant and appropriate. Sister I'm overwhelmed to offer you a warm welcome.

I feel honoured to welcome the vice principals who are pillars of support to this institution. I welcome Sr. Fatima Michael, Mrs. Mary Jesintha and Mrs. Fernando Delishia.

My cheerful welcome is due to the ever supportive teaching and non-teaching staff of our college and the members of the College Union.

I extend a warm welcome to the Prize winners and their proud parents who have gathered here to hail your victory

Last but not the least I offer my heartfelt welcome to my dear students without whose presence any celebration in this campus would be in complete..

Once again I welcome you all..welcome..
