DATE 12/06/2013

The Research Advisory Committee (RAC) was constituted in order to ensure, sustain and enhance the quality of research done. The Composition of the Committee is as follows:

- Principal
- Vice - Principals
- Deans and Asst. Deans of Research from both shifts.
- One link person from each department.

Responsibilities of the Committee:

- To encourage students to take up research projects and evaluate the progress of their research work periodically.
- To conduct research related workshops and seminars to facilitate high quality research.
- To ensure the adherence to the Code of research ethics in all research projects taken up.
- To provide information to the staff and students about research events, peer reviewed journals, publishing houses and other matters pertaining to research.

DATE

The Dissection monitoring Committee (DMC) is constituted as per the UGC guidelines. One member of the Research Advisory Committee will be part of this committee. The DMC comprises the following members:

- Head, Department of Zoology (convenor & chair person)
- Dean of Research / A member from RAC
- Two senior faculty members from the Department of Zoology.
- one faculty from the science department
- one faculty from the Department of Zoology from neighbouring institutions.

The Committee monitors the minimized use of animals in dissections and laboratory exercises.

The Committee also ensures whether the animals permitted to be used for dissection and laboratory exercises are produced from ethical sources.
