Members - Present

1. Dr. A. Tamil Selvi [Convener & chairperson] *[Signature]* 09/04/2021
2. Dr. Antony Amala Jayaseeli [Internal Member] *[Signature]* 09/04/2021
3. Dr. N. Malathi [Internal Member] *[Signature]* 09/04/2021
4. Dr. A. Rajeswari [Member] *[Signature]* 09/04/2021
Assistant Professor
Department of Chemistry
Fatima College
Madurai-18
5. Dr. C. Ravi [External Member] *[Signature]* 09/04/2021
Assistant Professor
PG & Research Department of Zoology
Thiagarajar College, Madurai.
6. Dr. S. Bariaty [Member, Research Advisory Committee] *[Signature]* 7/4/2021

The Dissection Monitoring Committee of Department of Zoology, Fatima College reviewed the current syllabi of IUG Lab courses & I PG Lab course.

I B.Sc - Semester I - Lab - Invertebrata & Cell Biology
Semester II - Lab - Chordata & Genetics

I M.Sc - Semester I - Lab in Animal Diversity & Microbiology

The following suggestions are given regarding these practical courses:-

- 1) The current syllabi of both UG & PG Lab courses are framed intune with the guidelines of UGC and only permitted animal models are used for dissection.

201

2) The following suggestions can be considered while doing the next Revision of the syllabus.

- Fish can be used as an experimental model for performing the dissection in both UG Lab course - Chordata + Genetics and the PG Lab course - Animal Diversity & Microbiology as the usage of fish is allowed by the UGC guidelines.
- While framing the syllabus of the PG Lab course - Lab in Animal Diversity & Microbiology, equal weightage can be given to both the subjects.

Members -
