Report generated 2/2/2021 11:00:50 AM by Urkund's system for automatic control.

Student message:

Document : Article for publication - NEW.docx[D94389579]

About 8% of this document consists of text similar to text found in 157 sources. The largest marking is 45 words long and is 89% similar to its primary source.

PLEASE NOTE that the above figures do not automatically mean that there is plagiarism in the document. There may be good reasons as to why parts of a text also appear in other sources. For a reasonable suspicion of academic dishonesty to present itself, the analysis, possibly found sources and the original document need to be examined closely.
