Report

On 22 March, 2021, World Water Day was celebrated in an online event. The World Water Day is celebrated to create awareness on the global water crisis. As a part of the celebration, Women Empowerment Cell of Fatima College created awareness to the students by taking Water Day Oath on March 31, 2021 through online. Around 45 NSS students benefitted from the event.

Tree, water and environment have a very much organic link. Due expansion of urban infrastructure, the less green has vanished followed by for deep bore wells are in place causing acute water shortage hence more recharge, recycle and reuse of waste water with safe disposal is highly necessary. Looking at this present juncture of acute shortage of water and accessing safe clean water at urban setting will be very much scarce.

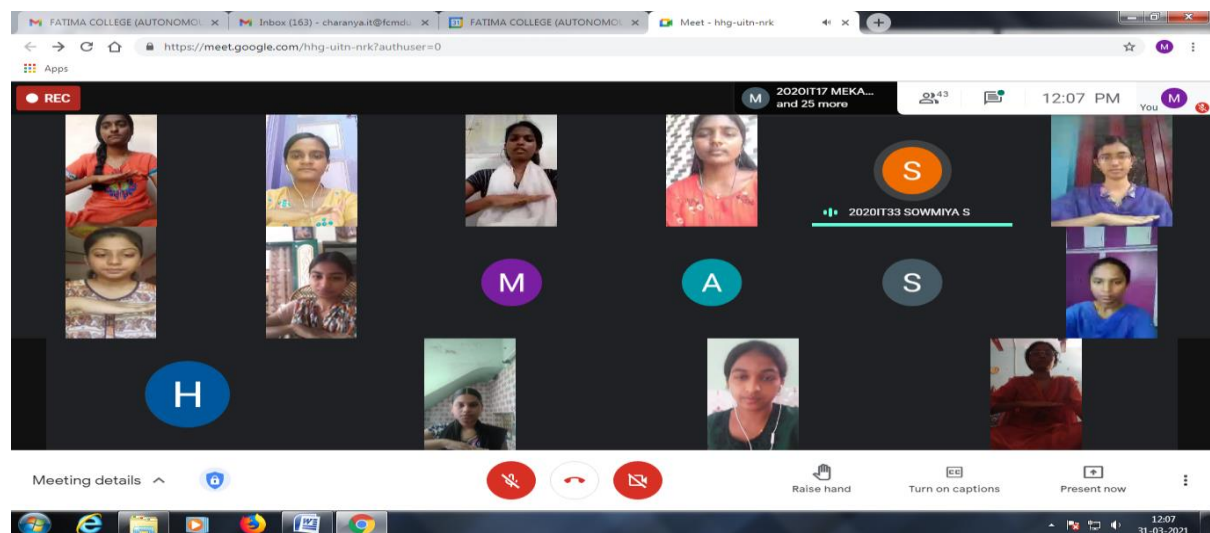

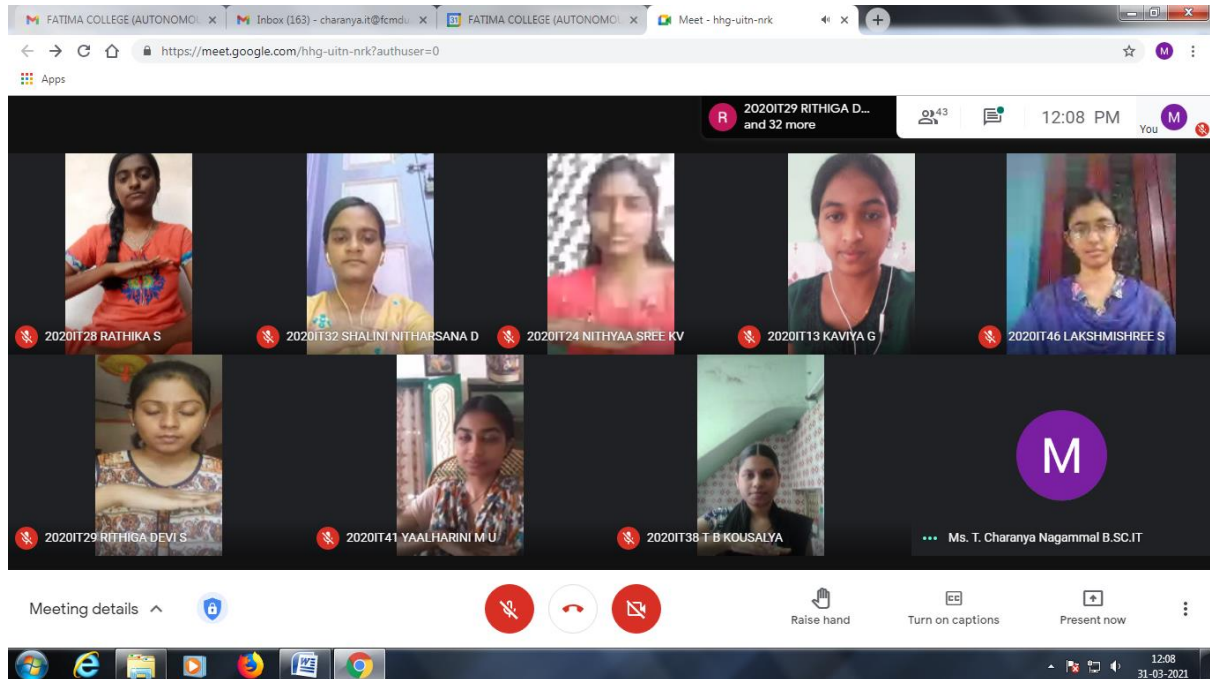

The event was an eye opener to the student community who are the future. They took the oath to save the usage of water thereby saving the environment.
