Fatima College is an Autonomous Institution and is run by St. Joseph's Society of Madurai (of the congregation of the sisters of St. Joseph of Lyons). The college function with the prime objective of enhancing the quality of life by enabling the women to become contributors in the economic, social, and political development of India by equipping them with multi-dimensional capabilities required for different life situations. In 2006 and 2013 NAAC re-accredited the college with 'A' grade. The college was ranked 94th in the All India NIRF Ranking in 2019.

PG course on Social Work was introduced in the year 2005 with Community Development, Medical & Psychiatric and Human Resource Development as Specialization. The vision of the Department of Sociology & Social Work is to be a *Nucleus for Social Transformation to create a society with equality, justice and peace*. The objective of the Department of Sociology & Social Work is to enable students to analyze the social realities with

sociological perspectives, to motivate the students to imbibe analytical skills and research aptitudes, and to promote social consciousness in students to empower the marginalized.

Shant Manas was begun in 2007 by **Dr. Cahn Vasudevan**, a retired Consultant Psychiatrist and Psychotherapist from the UK. His was a simple idea of 'putting back' some of his skills and experience into a small rural community of the country of his origin and making mental health services accessible to a section of people who previously had no such service available to them. Shant Manas began as a small clinical project in 4 villages. Since its inception it has expanded its field of care to 14 villages, with a combined estimated population of about 80,000. It is staffed by three full-time mental health social workers (supported by supervision from 2 seasonal psychiatrists) overseeing the psychiatric and social care of 220 service users, with around 50 of them being in active treatment, as of in May 2015. As well as the treatment of psychiatric disorders, Shant Manas aims to provide education on mental health to the local population, reducing stigma and myths surrounding mental health. Due to its success the service continues to expand as demand and awareness of mental health increases. The main body of clinical and social work at Shant Manas is to do with all forms of mental illness and their consequences, but in a very limited sense with difficulties relating to alcohol addiction or learning difficulties.
