## **PHYSICAL STOCK VERIFICATION OF COMPUTERS IN THE CAMPUS**

**2019-2020**

The stock verification of the computer systems is carried out in the campus. All the computer systems in the campus have been counted and uniquely numbered from FCC0700 to FCC0769. The said computers configuration details have been physically verified by the staff members and also a QR code is generated for each computer. The same have been provided in this stock register with system details and QR code assigned for each one. Further, the stock details entered from Page no. 2 to 9 are physically verified and found correct.
