Activity Title: Water Day Oath Taking & Competition

Name of the Department/club: Part V

Name of the Activity: Essay writing and poster making competition

Date of the Activity : 31.03.21

On 22 March, 2021, World Water Day will be celebrated in an online event. The World Water Day celebrates water and raises awareness of the global water crisis. As a part of the celebration, Women Empowerment Cell of Fatima College created awareness to our students by taking Water Day Oath on March 31, 2021 through online.

Tree, water and environment have a very much organic link. Due expansion of urban infrastructure, the less green has vanished followed by for deep bore wells are in place causing acute water shortage hence more recharge, recycle and reuse of waste water with safe disposal is highly necessary. Looking at this present juncture of acute shortage of water and accessing safe clean water at urban setting will be very much scarce.

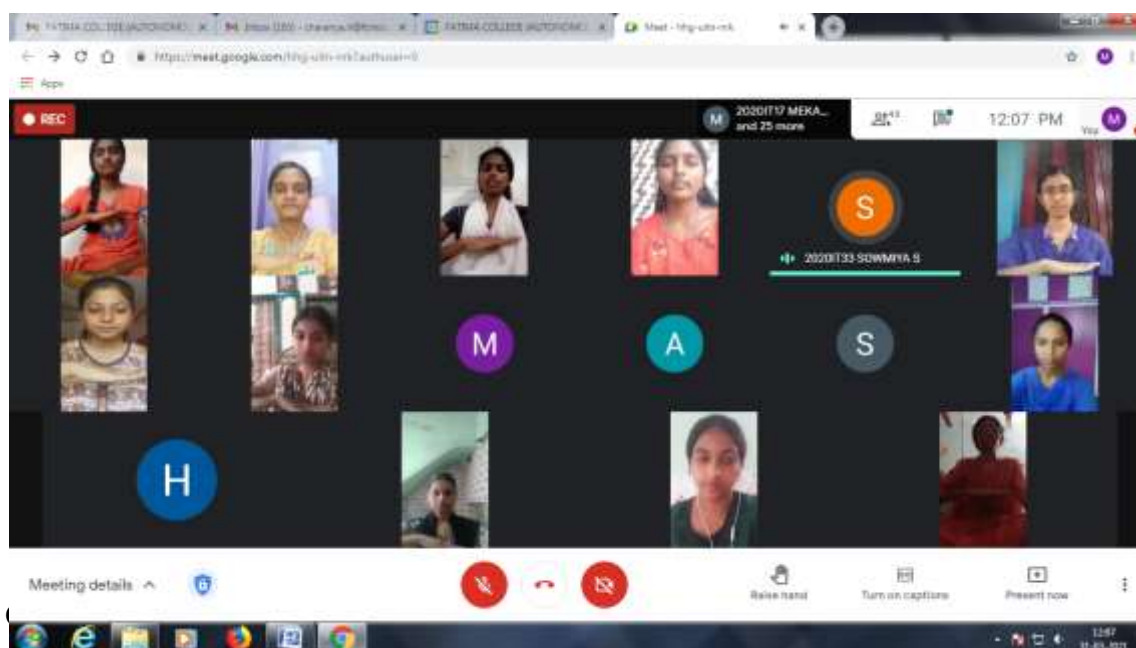

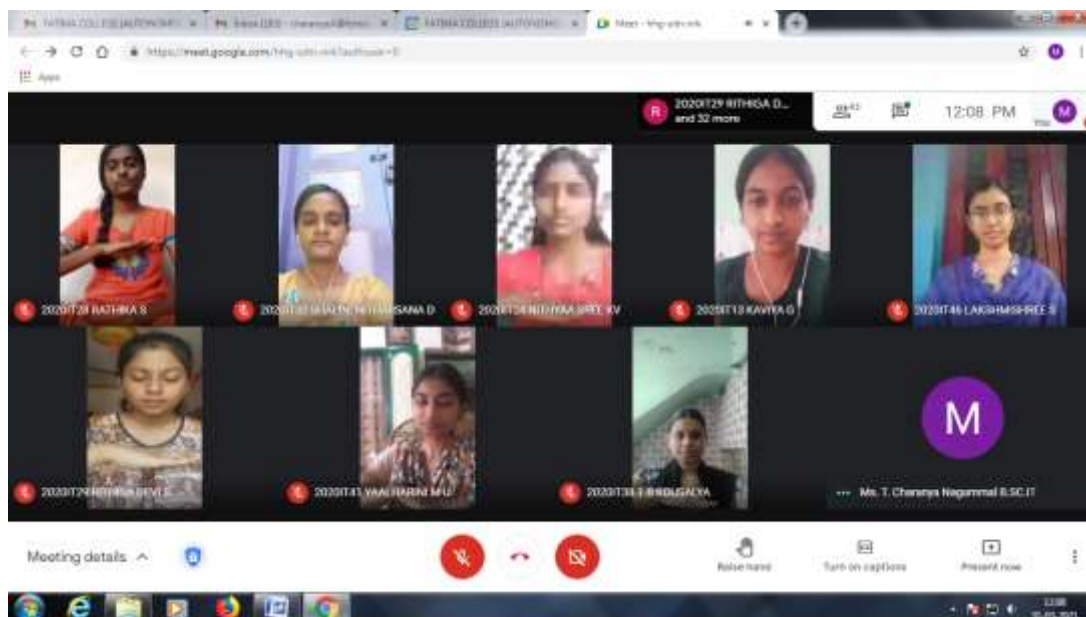

This small gathering has ventilated the key messages and highlighted issues of water connected to climate change and survival of well-being.
