On September 24th 2021, the final year UG and PG students of the department of computer science attended the online guest lecture on the topic "Industry 4.0" by Dr. I. Carol, arranged by the department of computer science. The online lecture was energizing. From this session, the students explored more about the Industrial revolution and data analyst. They got to know about Analytics stages in data which was explained by the lecturer. The lecturer was exuberant in explaining the concept with the students. Though the session was for an hour, we learnt about data mining, origins and method of data mining, Internet of things and types of data mining. The most interesting part was the students learning IOT architecture. They learnt new technical software in the growth of the computer world, which will be helpful in their future career. Finally, this session made them gain more details regarding the usage of data mining and big data in Industry 4.0. This session was a fruitful source of information to the students.
