## ABOUT FATIMA COLLEGE

Fatima College (Autonomous), Mary Land, Madurai, is a Postgraduate College for women affiliated to Madurai Kamaraj University. It is a Catholic Minority Institution established in 1953 and run by St. Joseph's Society of Madurai (of the Congregation of the Sisters of St. Joseph of Lyon, France). This institution came into existence through the tireless efforts of the missionary sisters of St. Joseph of Lyon and the zeal and heroic sacrifice of Rev. Sr. Rose Benedicta, the Foundress of the College. The College offers 21 Undergraduate Programmes, 14 Postgraduate Programmes and 2 Professional Programmes. 6 Departments have become Research Centres. It has a strength of 4076 students, 196 Teaching Staff and 91 Non-Teaching Staff. It is re-accredited with 'A++' Grade by NAAC (Cycle-IV).

## ABOUT THE DEPARTMENTS

Department of Computer Science was started in the year 1988 with the vision "To be in the Zenith of Scholastic Excellence in Computer Science by imparting Value Based, Skill Based and Career Oriented Education for Holistic Individual Development". The Department offers B.Sc and M.Sc Computer Science and endeavours to provide technical expertise and knowledge in Computer Science in achieving more than 80% placements for its graduates with good package.

The AICTE approved Professional Programme MCA (Master of Computer Applications) was started in the year 1994 as an attempt to synchronize the newest developments in information technology with the current industry requirements. The programme covers the Technical as well as Managerial aspect of Computer Applications with internships and industrial training.

UG Department of Computer Applications was started in the year 2005. It helps to bring out the inherent talents of students and guide them to adapt to the dynamic IT world and make them responsible citizens.

Department of Information Technology was established in the year 2008. The department acts as the centre of excellence in training the students in Information Technology to excel both as professional and as responsible women in the society. Team work of the staff, upgrades the student's power of faith and hope in effective strategic and tactical planning in use of technology.

## ABOUT THE CONFERENCE

According to the Bureau of Labor Statistics, USA, the field of Computer Science is projected to grow by 21 percent through 2028, making it one of the fastest-growing professions in the global economy. Computer Science has made the whole world shrink and has made it available at the fingertips now. Next-generation of computing technologies are evolving from the emergence of new concepts and thrust areas in active research such as Distributed Computing, Cloud Computing, Parallel Computing, Grid Computing, Artificial Intelligence, Machine Learning, Deep Learning, Data Analytics and their related applications. Technological advancements are giving today's scientists access to vast amounts of data never before accessible creating new frontiers and new challenges in computing.

The motivation behind this conference is to provide a common forum for researchers and academicians to present and discuss their latest research ideas and developments. The outcome of the conference is to understand the impact which the emerging technologies will create in the future world.

## CALL FOR PAPERS

International Conference on In-World Technologies: venture into Next Gen aims to strengthen the collaboration and provide a forum for academicians, professionals and researchers to discuss and exchange their research results, innovative ideas and experiences in all aspects of Computer Science, Computer Applications and Information Technology as well as to identify emerging research topics and define the future directions of computing technologies.

Students, Faculties, Research Scholars, Scientists and Industrial Executives are welcome to submit the full-length paper of their research on any of the following themes although not limited to the following areas.

### All the papers will be peer-reviewed

- Artificial Intelligence (AI) and Machine Learning
- Robotic Process Automation (RPA)
- Edge Computing
- Quantum Computing
- Virtual Reality and Augmented Reality
- Digital Image Processing
- Cloud Computing
- IoT
- Network Security & Secret Sharing
- Cryptography and Cryptanalysis
- Blockchain Technology
- Web and Cloud Security
- Bio-Engineering
- Computing Models and Applications
- Data Mining and Data Analytics

## SUBMISSION GUIDELINES

- Paper should be submitted as MS Word (.docx/.doc) Document, Font: Times New Roman, Size: 12, 1.5 Spacing, 1-inch Margin on all sides, figures and table with appropriate spacing.
- Name of the author(s) along with the affiliation should be clearly specified.
- Participation certificate will be given to all the registered participants.
- Accepted and presented papers will be submitted for possible inclusion in UGC Care List.
- Authors are advised to follow IEEE Policy on Plagiarism
- The Abstract of Research paper should be submitted through the link provided on or before 09/05/2022
- Camera ready copy of accepted papers must be submitted on or before 16/05/2022

## INUGURATION

DATE : May 25 & 26

DAY :

WEDNESDAY VENUE : JUBLIEE HALL

TIME : 9.30 AM

Department of Computer Science, Department of Computer Applications, Department of Information Technology jointly organised two-day international conference on **“In-World Technologies: Venture into Next Gen”** on May 25 & 26, 2022.

The Inauguration function started at 9.30 a.m with the divine presence of Prayer Song.

Dr.Vimala, Assistant Professor, Department of Computer Science, welcomed the gathering with her enchanting words. She stated that this event will be helpful for the participants to understand the technologies that will be used in the future.

Dr. G.Germine Mary, Associate Professor & Head, Department of Computer Science and Convenor of the conference presented the theme of the conference in a lucid manner for the understanding of the audience.

Rev.Dr.G.Celine Sahaya Mary, Principal, Fatima College, presided over the function and delivered the Inaugural address. She emphasized that technology is going to rule the next generation.

The proceedings of the international conference was released by Rev.Dr.G.Celine Sahaya Mary, Principal, Fatima College and the first copy was handed over to Dr. Raju, Director, Professional Courses, Fatima College, Madurai.

The Keynote address was delivered by Dr.ThavavelVaiyapuri, Associate Professor,College of Computer Engineering &Science,PrinceSattam Bin AbdulazizUniversity,SaudiArabia in the topic “The Next Frontier Technologies for Sustainable Development”.

Her talk highlighted the potential of Fourth Industrial Revolution technologies to tackle major global challenges such as poverty, climate change, nature loss and inequality is immense, yet this potential is far from being reached. The global public goods are scaling up the efforts to proactively engage stakeholders to channel Fourth Industrial Revolution innovations towards positive social, economic and environmental outcomes through a series of initiatives.

“Gratitude is the Mother of all arts”. The vote of thanks for the inaugural function was given by Mrs.V.Mageshwari, Head, Department of Information Technology. She expressed her heart felt gratitude towards the convention of the conference with untiring efforts of each and every one associated with the combined efforts of this event.

## TECHNICAL SESSION – I

**DATE : 25.05.2022**

**TOPIC : Art and Science of Advanced Data Visualization**

**RESOURCE PERSON: Mrs. Jaycy Margarette Associate Director**

**Accenture Products & Platform Accenture**

**Phildelphia ,Pennsylvania, USA**

**TIME: 10.45 AM - 11.45 AM**

Miss.K.Madhubala, IIMCA, PG Department of Computer Applications hosted the session. Miss.T.Pooja, IIMCA, PG Department of Computer Applications welcomed the gathering. Mrs. Jaycy Margarette, Associate Director, Accenture Products & Platform Accenture, Phildelphia, Pennsylvania, USA addressed on the topic “Arts and Science of data Visualization”.

She revealed the interesting facts about data visualisation, which is used to communicate the information clearly through graphs and charts. Data visualization tools provide accessible ways to understand outliers, patterns, and trends in the data. Data visualization is important because of the processing of information in human brains. Using graphs and charts to visualize a large amount of the complex data sets is more comfortable in comparison to studying the spreadsheet and reports. Data visualization is an easy and quick way to convey concepts universally.
