Social Transformation

- There is a crisis in values in the society. Need to address this in higher education if social transformation is to be a reality.
- Value education is treated as yet another subject. Sufficient importance is hardly given.
- Few role models in campuses. Values are caught and not taught. – selflessness, honesty, integrity

Activity Title : Environmental Awareness – Removal of Plastic Waste from College Campus.

Date of the Activity : 21/10/2021

Time : 2.00 PM to 3.30 PM

Name of the Club : Rotaract

Resource Person/s : -

Number of Beneficiaries : 50 (I years)

Focus on : Environmental Awareness

Outcome : Students made a pledge to minimize plastic waste and they will not use plastic when there is a good alternative and only use plastic when it is strictly necessary.

Report :

The major impact of plastic bags on the environment is that **it takes many years to for them to decompose**. In addition, toxic substances are released into the soil when plastic bags perish under sunlight and, if plastic bags are burned, they release a toxic substance into the air causing ambient air pollution.

To make our college campus plastic free, Rotaract club of Fatima College organized a plastic waste cleaning in college campus. Around 75 students were selected and were divided into five groups and were allotted to clean various areas in the campus. The campus cleaning day was very much effective, since the students could collect almost the entire plastic waste from the campus. The collected non degradable waste was taken to recycle unit.
