Focus on

:To make students divided in to various groups and exposed to short film (Koorpi)

Outcome

:All the first and second year UG AICUF students were assembled in the smart room for Part V activity. They were divided into various groups and exposed to short film (Koorpi). The short film focused about one village girl who had more affinity with her different type of sharpener. She felt very bad when she missed that, and she could not come out that issue and suffered a lot. At the end students were asked to share their point about this film. Many came with different opinion, but all were related to accepting and balancing with the situations. From this short film Students learned to balance all the situations.
