Dr. Sr. Francis Pauline, Students' Counselor took a session on
"Making the Best out of Challenges"

1. Bring out lions sleeping inside

- A GURUJI was making his meditation. A LOCUSTS was flying here and there and wanted to practice like guruji.
- Tried first squatting with him then tried getting into grass side and then on rock and then to another side because it could not concentrate in any place.
- Live the presence
- have passion - a woman who did research on monkey for 60 years persevered
- willing to loose anything for the sake of passion
- get out your thoughts
- foresee the result of your works such as imagining about its failures, and never worry about what others will think about it or me.

3. CAN DO ATTITUDE

- How to develop this can do attitude in us?
- Thoughts, words, actions, habits, life brings personal identity.
- Our thoughts are very powerful. So we should mould and modify our thoughts.
- We become what we think about ourselves. Any journey to reach our goal begins from our thoughts.
- Any creation begins first from thought and in reality.

Eagle's Attitude could be an best example

- Fly high and alone: flies crossing so many obstracles.
- Loves storms
- Eyes has the clear vision
- Never cuts old things, never lives in the past or observe others.
- Female tests the male for its commitment.
- Trains itself hard.
