

# FATIMA COLLEGE

(Autonomous)

*Affiliated to Madurai Kamaraj University*

*Re-Accredited with 'A++' by NAAC (Cycle - IV)*

Mary Land, Madurai - 625018, Tamil Nadu

## PROGRAMME OUTCOMES AND COURSE OUTCOMES

**2022 – 2023**

**Name of the Programme: B.Sc. STATISTICS**

**Programme Outcomes:**

<b>PO 1</b>	Apply acquired scientific knowledge to solve complex issues.
<b>PO 2</b>	Attain Analytical skills to solve complex cultural, societal and environmental issues.
<b>PO 3</b>	Employ latest and updated tools and technologies to analyse complex issues.
<b>PO 4</b>	Demonstrate Professional Ethics that foster Community, Nation and Environment Building Initiatives.

# FATIMA COLLEGE

(Autonomous)

*Affiliated to Madurai Kamaraj University*

*Re-Accredited with 'A++' by NAAC (Cycle - IV)*

**Mary Land, Madurai - 625018, Tamil Nadu**

## Programme Specific Outcomes:

<b>PSO1</b>	Gain broad knowledge and understanding in pure Mathematics and applications of Mathematics.
<b>PSO 2</b>	Demonstrate a computational ability and apply logical thinking skills to solve problems that can be modelled Mathematically
<b>PSO 3</b>	Read, understand, analyse and formulate Mathematical theorems
<b>PSO 4</b>	Acquire proficiency in the use of technology to assist in learning and investigating, Mathematical ideas and in problem solving.
<b>PSO 5</b>	Communicate Mathematical concepts accurately, precisely and effectively with clarity and coherence both verbal and in written form

**Mary Land, Madurai - 625018, Tamil Nadu**

## COURSE OUTCOMES

Course Code	Course Title	Course Outcomes
19ST1CC1	Basic Statistics	<p>C01: Recognizes investigation, investigator, enumerator explain different methods of data collection.</p> <p>C02: Identifies the need of Classification and Tabulation</p> <p>C03: Construct and analyze graphical display to summarize data.</p> <p>C04: Explain and evaluates various measure of central tendency</p> <p>C05: Compute and interpret measure of centre and spread of data.</p>

# FATIMA COLLEGE

(Autonomous)

*Affiliated to Madurai Kamaraj University*

*Re-Accredited with 'A++' by NAAC (Cycle - IV)*

Mary Land, Madurai - 625018, Tamil Nadu

19ST1CC2	Probability Theory	<p>C01: Identify from a probability scenario events that are simple, complementary, mutually exclusive, and independent.</p> <p>C02: Recognize multiplication rule for two independent events, the addition rule for union of two events, and the complement rule.</p> <p>C03: Describe the main properties of probability distribution and random variables.</p> <p>C04: Apply general properties of the expectation and variance operators.</p> <p>C05: Identify and examine generating functions and law of large numbers.</p>
----------	--------------------	---

# FATIMA COLLEGE

(Autonomous)

*Affiliated to Madurai Kamaraj University*

*Re-Accredited with 'A++' by NAAC (Cycle - IV)*

**Mary Land, Madurai - 625018, Tamil Nadu**

22G1ACST1	Calculus	<p>C01: Able to differentiate the given functions.</p> <p>C02: Explain higher derivatives and apply Leibnitz theorem to find the nth derivative of functions.</p> <p>C03: Able to evaluate the definite integrals.</p> <p>C04: Construct reduction formula for trigonometric functions.</p> <p>C05: Define Jacobian, double &amp; triple integrals and apply the knowledge of change of variables to solve the problems in double and triple integrals.</p>
19ST2CC3	Descriptive Statistics	<p>C01: Evaluates and interprets the nature of skewness and kurtosis.</p> <p>C02: Identify the direction and strength of a correlation between two factors.</p> <p>C03: Compute and interpret the spearman</p>

**Mary Land, Madurai - 625018, Tamil Nadu**

		correlation coefficient. C04: Recognize regression analysis applications for purpose of description and prediction. C05: Explain the methods of association of attributes.
19ST2CC4	Discrete Probability Distribution	C01: Recognize cases where the Binomial distribution could be an appropriate model. C02: Able to apply the Poisson distribution to a variety of problems. C03: Explore the key properties such as the moment generating function, cumulant of a negative binomial distribution. C04: Understand and derive the formula for the geometric and hypergeometric probability mass function. C05: Explain and evaluate multinomial and power series distribution.
19ST2AC2	Algebra	C01: Identify binomial series and solve problems in binomial expansion. C02: Identify logarithmic and exponential series and solve problems.

Mary Land, Madurai - 625018, Tamil Nadu

19ST4CC7	Estimation Theory	C01: Explain and compute point estimation. C02: Estimate maximum likelihood estimator. C03: Analyse minimum variance unbiased estimator. C04: Compute interval estimation in large samples using normal distribution. C05: Distinguish Interval estimation in small samples based on F, chi square and t distribution.
22ST4CC8	Applied Statistics	C01: Fitting of Linear trend and Calculation of Moving Average. C02: Understand the calculation of seasonal variations using different methods and able to find cyclic fluctuations. C03: Apply the concept of Index numbers uses and its applications. C04: Prepare cost of living index and other index numbers for real life situations. C05: To estimate the national income and to analysis its difficulties.
19ST4AC4	Linear Algebra	C01: Define Vector Space and explain its

		distributions. C05: Demonstrate the knowledge in Pure and Death process.
19ST6CC15	Actuarial Statistics	C01: Calculate quantities such as SI & CI, nominal and effective rates of interest and simple discount. C02: Recognize simple assurance and annuities contracts and develop formulae for the present value of payments. C03: Explain the concepts of redemption of loans. C04: Construct the demographic statistics and premiums. C05: Describe the policy values and its types.
19ST6ME5	Numerical Methods	C01: Solve algebraic and transcendental equations using various methods. C02: Identify the various methods of solving simultaneous linear algebraic equations. C03: Recognize difference operators and apply the concept of interpolation. C04: Compute the values of the derivatives at some point using numerical differentiation and integration.
