REPORT:

Students of Economics Dept. Fatima College created awareness on Environment, health hygiene and Sanitation (open defecation) among the students of Vivekanda Matriculation School, Ayyan Thenkarai, Solavandan. Students created awareness through documentary film, charts and slogans. All the school students participated actively and answer all the questions raised by our students. Our students also explained them about having safe drinking water and how to protect the ground water for future generations. A part of students created awareness on Environment among the villagers by distributing saplings and encouraged them to plant the saplings. They also insisted them the importance of trees to protect the environment and to avoid the pollution. All the students participated actively.

NAME OF THE DEPARTMENT : **Department of Sociology and Social Work**

NAME OF THE VILLAGE : **Thirumalnatham**

NAME OF THE ACTIVITY : **Creating awareness about Sanitation, Open defecation and an effective way of handling water.**

NAME OF THE STAFF : **Dr.T.Geetha**

NO. OF STUDENTS PARTICIPATED : **14**

NO. OF BENEFICIARIES : **21**

DATE : **21-09-2022**

REPORT:

The Students and the in charge staff were all gathered together and we left college at 2:00pm. We reached the village at 2:30pm. The concept of the extension is to create awareness about Sanitation, Open defecation and effective

way of handling water. After reached the village we collect some photos regarding improper sanitation, using water in ineffective way and open defecation. Then we gathered the school students of the village at one particular place. The audio awareness about Sanitation, Open defecation and effective way of handling water was started to play in front of the village school students.. The audio started with Introduction, importance of proper sanitation, effects of open defecation, importance of water and how to handle the water in effective way and ended with conclusion. While the audio was playing we showed the relevant picture regarding to the audio. In this activity we told the ill effects of improper sanitation and we told how to improve proper sanitation, we told about harmful effects of open defecation and measures to avoid open defecation and finally we told about importance of water and how to handle the water in an effective way through recorded audio. After the audio ended we had an interaction with the school students about the awareness. The students who listened to told about the importance of sanitation, saying stop to open defecation and effective way to using water. They said that they going to maintain proper sanitation, going to use water in effective way and they said that they won't defecate in open places.

REPORT

INTRODUCTION:

Extension is an important activity which contributes to the enhancement of the status and public recognition of a profession and welfare of the society at large. Keeping this view in mind the 3rd year Mathematics students of Fatima College carried out an activity on September 21st at Nedungulam Village, Madurai.

OBJECTIVE:

- To create awareness about sanitization and save water among the school students.
- To create awareness to avoid plastic items and plastic bags.
- To create awareness to avoid defecation in open areas.

PROGRAMME HIGHLIGHTS:

The program started with the awareness speech by GC. Dharanisri, S. Gowri, J. Nancy Jerlin from III year Mathematics. The speech was about sanitization and to avoid defecation in open areas. Relevant videos about Sanitization, Saving water were played. Beneficiaries observed the video with full concentration and intaked all the points. Students interacted with the beneficiaries at school in nedungulam about how to keep an environment clean and tidy. Students also justified the health problems, diseases and pollution to the environment caused by open defecation. Most pandemics of recent decades are caused by viruses and lack of sanitization. As a good habit to be practiced, students distributed mask to the beneficiaries. The students carried out rally in the streets of nedungulam. An initiative to avoid plastic bags, students distributed cloth bags to the beneficiaries in the streets and explained them about the emerging risk of plastic bags and the importance of cloth bags. Students pasted sticker posters on the walls of the streets to remind them about sanitization every day.

NO. OF BENEFICIARIES	: 27
DATE	: 21.09.2022

REPORT:

As a part of 'Swatchtha Pakwoda', Awareness on Sanitation and Safe Drinking Water was given to the Govt School Students of Nedungulam village on 21.09.2022. Students of Class VI, VII and VIII participated eagerly in this program.

The activity's main objective was to impart Awareness on Sanitation. The children who learn about Good Hygiene, access to clean water, and sanitation practices in school can encourage healthy lifelong behaviors in their families and communities. Hence, the Students of the Zoology Department planned an interactive activity for the School children by displaying Awareness videos on safe drinking water. They also trained them with the seven steps of Hand Washing. The students also distributed masks and explained the effective and safe usage of masks during the Seasonal Outbreaks of Infectious Diseases. Through these activities, the students also become aware of the challenges faced by the school children. The widespread adoption of safe hygiene practices through a child-centered, interactive, participatory approach helps school children develop life skills and gives them the power to make wise decisions.

DATE	: 21.09.2022
REPORT:	

In recent times we could observe the raise of diseases everywhere around us. Flu is common among people and lot of viral infections resulting in closure of school in our neighbouring States. Considering this situation, Home Science with Food Biotechnology ,Fatima college took an initiative to spread awareness among school children regarding Water conservation, Hygiene and Sanitation and ill effects of open defecation.

Third year Undergraduate Home Science students visited the Government school of Thandalai village on 21.09.2022. Grade 6 and Grade 8 School students attended the Awareness session. The awareness activity starts with water conservation videos followed by Hygiene and sanitation and questions were asked to the school students to brain storm them, which made them more curious to listen. Videos were played to give awareness about the ill effects of Open defecation. Finally, the school students raised their doubts regarding conservation of water and ill effects of open defecation. The awareness activity was concluded by motivating the children to follow the self-hygiene and keep their surroundings clean to prevent the spread of various diseases.

NAME OF THE DEPARTMENT	: COMPUTER SCIENCE
NAME OF THE VILLAGE	: T.ANDIPATTI
NAME OF THE ACTIVITY	: Creating Awareness and teaching basic knowledge about computer
NAME OF THE STAFF	: S.ARUL JOTHI
NO. OF STUDENTS PARTICIPATED	: 20
NO. OF BENEFICIARIES	: 90
DATE	: 21.09.2022

On 21.9.2022 the students of III B.Sc Computer Science went for extension to T Andipatti village. The students got surprised when they enter into the school in the village, because the classrooms was filled with students chart work and art craft it was wonderful. They separate them into two groups, one group of students for video presentations and the other group for tutoring the basics of computer. The students show videos to create awareness about sanitizing and the effective ways to handle water usage. From the video the students learn how to save water, the extent of water wastage and how to wash hands with soap and water which causes a lot of infection. The students also made them aware not to defecate in the open and to use the toilet. Finally we instilled in them to conserve water and to wash their hands thoroughly. To their surprise they understood what they were saying and conversed with them in their sweet language.

The second group of students takes over teaching, they thought basic things about the laptop and shortcut keys like cut, copy, paste, undo, redo, refresh, save etc., and thought them how to use notepad and M.S paint. Village school students mesmerized the students by interacting more with them and they raised question, to know about how to change laptop wallpapers. The most interesting thing was they tried to converse with them in English. School teacher's also cooperated well to make the class student's silence. This extension gave them many experience like how to react with students and how to handle them smooth, it was a unique experience.

NAME OF THE VILLAGE	: AYYANKOTTAI, VADIPATTI
NAME OF THE ACTIVITY	: CREATING AWARENESS ABOUT SANITATION AND SAVE WATER.
DIRINKING	
NO.OF.STUDENTS PARTICIPATED	: 21(TWENTY ONE)
NO.OF.BENIFICIARIES	: 200

REPORT:

From the department of Commerce with computer application planned to went for an extension on Ayyankottai village on 21st September 2022.

In that village we have planned create awareness about H1N1 virus which was spreading like a fire in recent days in order to protect them from dangerous virus and also awareness about how to manage water.

As per our plan, we reached Ayyankottai village at 10.00 AM. After reaching the village, we splited into two groups .One group of students went to village and other group of students went to Ayyankottai Government school.

In Ayyankottai Government school, Our department students advice them to wash their hands frequently with soap and water or sanitizer and to cover their mouth when they cough or sneeze and to clean their hands after they wash to protect themselves from virus and also demonstrated how to avoid plastic to build plastic free environmentAtlast, on behalf of our department our students presented sapling to the school as a memento.

In that village, our students showed the videos they prepared and explained the villagers about the H1N1 Virus and explained how to protect them from the virus.

Another group of students explained the importance of sanitizer and how to use the sanitizer and also explained the Reuse or conservation of water which helps to recycle ground water by reducing the consumption and using alternative water sources.

REPORT:

We started from College at 2 pm. III year extension students of History Department created **Awareness program on crackers** on 15.10.2022. Students gathered small children in that neighbourhood and they insisted about the harmful effects of crackers and ways to burst crackers safely. They projected the concept with street plays. Villagers watched it. We returned to college at 5.00 PM.

DATE	: 15/10/2022

REPORT:

Department of Sociology and Social Work visited Thirumalnatham village for creating awareness to the village people to celebrate Safe Diwali. Students have prepared drawings and quotes related to Safe Diwali and they rallied over the village by raising voice to the quotes written in charts and papers. The children of the village also raised their voices related to Safe Diwali.

Students created awareness not to harm earth by using crackers and also not to burst crackers which harms environment and also insisted to celebrate diwali eco-friendly without using harmful substances. Finally after completing our rally we departed from there and returned back to our college.

Report

INTRODUCTION:

Extension is an important activity which contributes to the enhancement of the status and public recognition of a profession and welfare of the society at large. Keeping this view in mind the 3rd year Mathematics students of Fatima College carried out an activity on October 15th at Nedungulam village, Madurai.

OBJECTIVE:

- To create awareness about air pollution and noise pollution due to burning crackers.
- To create awareness to avoid burning crackers during festivals.

PROGRAMME HIGHLIGHTS:

The programme started with the rally based on the theme of avoiding crackers. For creating awareness among the people the students had a board in their hand with slogans which are about the impacts of burning crackers. The rally starts from Samudhayakoodam to Ooratchimandram of Nedungulam village. At the end of the programme the students and the children from the village take an Oath of avoid burning crackers.

REPORT:

On 15-10-2022 at 2.00 PM, extension students of chemistry department visited Achampatti Village (along with staff incharge Dr.K.R.SUBIMOL) and conducted an awareness program on the environmental impact of crackers and the safety measures to be taken to celebrate a safe Diwali. Students of Fatima College organised a Rally and carried placards containing messages related to the concept and visited the village people door by door. Students tried to educate the people about harmful effects of crackers and the importance of eco-friendly environment. Students insisted the village people to celebrate Diwali with candles, sweets and non-polluting green crackers available in the markets and insisted them the safety measures to be taken for celebrating a safe Diwali.

REPORT:

The students of the zoology department, Fatima College took part in a programme to raise knowledge of safe usage of crackers. The event took place at Kondayampatti Village on October 15, 2022. The students started with a rally. Placards with slogans on the safe usage of crackers were written. As they moved through the streets, they engaged in conversation with both young and old people, explaining the different safety precautions that should be observed when handling crackers. They also insisted on using crackers properly, such as not to store them in the kitchen, not to burst crackers while holding them in hand and wearing footwear. The students also asked the villagers to minimize the usage of crackers as it causes air and noise pollution. Finally, the awareness program sensitized the villagers towards issues related to improper usage of crackers.

NAME OF THE ACTIVITY	: Awareness Program on Bursting Firecrackers
NAME OF THE STAFF	: Dr. G. Rajathilagam
NO. OF STUDENTS PATICIPATED	: 20
NO. OF BENEFICIARIES	: 30
DATE	: 15.10.2022

REPORT:

In an attempt to ensure a pollution free and safe Diwali, on 15.10.2022, The Department of Computer Science(III B.Sc) students went to Andipatti village to create awareness on bursting crackers .We arrived the village at 2:00 pm from our college campus. When we entered the village, many villagers invited us traditionally and gladly.

Bursting of fireworks causes severe air and noise pollution which poses serious health hazards. The noise triggers annoyance, aggression, hypertension, high stress levels, hearing loss and sleep disturbance. Fireworks are mainly composed of toxic chemicals like lead, In olden days Diwali signified bringing of light and happiness around but presently burning of firecrackers is the highlight of Diwali and for most of the people, Diwali is just a synonym to a night full of crackers barium, chromium etc., and these chemicals and gases like carbon monoxide, nitrogen and Sulphur oxides are released during bursting of fireworks, which are harmful to humans, animals, plants and overall environment.

Our students gave a glimpse and explained the impact of bursting crackers through speech and skit and also distributed chocolates. The program was ended by 3:00 pm and we left with a unique experience and a good knowledge.

This experience was enthralling for us . This was totally a new way for us to create awareness to the villages around us ,and it was possible only through this extension trip. We created a lot of memories that will stay in our heart forever.

DATE	: 15.10.2022

REPORT:

Fire crackers are usually burnt on occasions like festivals, marriages, birthday parties, and sports competitions to celebrate our happiness as part of our tradition. But the fact is that the burning of firecrackers comes at a steep cost to us that leads to environmental damage, health hazards to humans and animals through various forms of pollution. Fireworks create highly toxic gases and pollutants that poison the air, the water, and the soil, making them harmful to birds, wildlife, pets, livestock, and people. Keeping all these points in to consideration, III Undergraduate Home Science with Food Biotechnology students of Fatima college took out an anti-cracker rally in Thandalai village on 15.10.2022 to spread awareness among the village people to avoid bursting fire crackers and safety precautions to be followed while bursting crackers. Students spread out the message of minimising the use of crackers to celebrate the festival. They carried colourful placards and raised slogans like 'Say no to crackers, yes to life' and safety precautions to be followed while bursting crackers to cultivate a sense of responsibility towards society.

REPORT

III BA ENGLISH (SF) Department on 15.10.2022 (Saturday) visited the village C.Pudur as part of Extension Service Programme .We started from college at 9.30 am and reached the village by 10.15 am.We,the students went on a rally, dictating the slogans that we prepared, regarding the awareness on how crackers pollute the air.Also through our slogans we made the people understand how crackers could harm the environment. Our college students have prepared charts based on that and taught them by actions.Our students participated actively.The villagechildren eagerly participated and enjoyed the session thoroughly. It was finally made as a good awareness session.

REPORT

On 15th October 2022, 43 students of 3rd B.Sc. INFORMATION TECHNOLOGY of FATIMA COLLEGE visited the village MANIYANJI, which is nearly about 18kms away from our college. The students of IT started their journey with proper plans and assignment of different tasks to each of 5 groups.

After reaching the village, the groups separated into different regions of the village. They taught applications like Speed Dial, Online Ration stock details, Language Translation and Google Voice Search for elders and word, paint and mind game apps for children in the village. Students gave a demonstration of mail id creation to the villagers. They train them with the basics of the android applications and the online websites such as shopping, gas booking, and Aadhaar correction and so on. Students gave an introduction about social media platforms like YouTube and applications that are helpful for their studies. They gave awareness about the boon of gadgets to the villagers. Villagers from Maniyanji welcomed the students in a wise manner and interacted with them.

OUTCOME

The villagers showed much eager in learning new things from our students. They gave a nice send off to the students with a satisfied feel of learning new technologies in day-to-day life. Our students also came out with a satisfaction of sharing their knowledge with the innocent people.

NAME OF THE DEPARTMENT	: COMMERCE WITH COMPUTER APPLICATIONS
DATE	: 15.10.2022
NAME OF THE VILLAGE	: AYYANKOTTAI, VADIPATTI
NAME OF THE ACTIVITY	: CREATING AWARENESS ABOUT SAFE DIWALI
NO. OF STUDENTS PARTICIPATED	: 22(TWENTY TWO)
NO. OF BENEFICIARIES	: 87

REPORT:

From the department of Commerce with computer applications and bachelor of commerce (SF) planned to go for an extension to Ayyankottai village on 15th October 2022.

In that village we have planned to create awareness about “Safe Diwali” by doing rally. Because many people don’t aware of the safety measures about crackers and about pollution especially in rural areas.

As per our plan, we reached Ayyankottai village at 10:00 AM. After reaching the village, both B.COM (CA) and B.COM (SF) were separated and we do rally on the one side of the village mainly in high way side and they did rally on the other side of the village. And the Ayyankottai village president directs us to do rally on the village.

We explain briefly about the safety measures while blasting the crackers to the village people. Another group of students explained the importance of blasting crackers and how to burst the crackers safely and securely.
