## **I. Project Title:**

Montessori Teacher Training is a short and useful course for ambitious teachers which enables them to understand children's needs, adapt with them by organizing classroom settings and incorporating teaching materials and prepare themselves to succeed as Montessori educators.

## **II. Purpose and Scope:**

This Memorandum of Understanding (MoU) provides a framework for Co-operation between The Research Centre of Home Science, Fatima College and Regional Centre for Training & Development, Madurai in research and training to implement the training on Montessori and Child Care Education.

This co-operation and co-ordination is not limited to the parties to this MoU, and each party independently or jointly, may cooperate with other governmental and non-governmental extensions, interested State, Regional and Local Agencies, Colleges and Universities, Private industries, Non-Profit organizations, and Foundations and Public Interest groups.

The Research Centre of Home Science, Fatima College and Regional Centre for Training & Development, Madurai shall handle their own activities and utilize their own resources, including the expenditure of their funds unless otherwise agreed in specific implementing agreements, in pursuing these objectives. Each party shall carry out its separate activities, as agreed within the context of this MoU in a coordinated and mutually beneficial manner.

The agreements may provide for the use of faculties, personnel, student training (Internship), extension activities and co-operative projects and shall comply with the laws, regulations and orders pertaining to the respective departments and agencies.

This MoU between the Research Centre of Home Science, Fatima College and Regional Centre for Training & Development, Madurai is intended to facilitate co-operative efforts for mutual provision of services and support, as well as technical assistance by both parties in the conduct of research and development, transfer, utilization, on-the job training and commercialization programme and activities in public sectors.

### **III. Responsibilities:**

With the context of the purpose and scope above, the Research Centre of Home Science and Regional Centre for Training & Development, Madurai agrees to use reasonable efforts to fulfill the following:

Educate and empower the students as an internationally trained teacher.

It aims to educate and empower outstanding global educators, education managers and educational entrepreneurs who can develop the competences and employ their skills in the field of pre-primary education, and education management.

It is designed to accord the modern educators with attributes which will lend them unique teaching and management expertise to build a thriving learning environment.

It aims to produce future global educators who will not only be equipped with contemporary teaching techniques but will show a deeper understanding of teaching methodologies which they can put into practice in diverse classrooms across the globe.

### **IV. Rights in Data:**

It is the intent of the parties that the information and data exchanged in furtherance of the activities under this agreement will be exchanged without use and disclosure unless the parties agree to impose restrictions on specifically designated data or information.
