Invitation

Report

A one – day Faculty Enrichment Programme was successfully conducted by the IQAC of Fatima College on October 29, 2022. The FEP programme received an overwhelming response with around 190 teaching staff from Shift I and Shift II. The entire programme was spearheaded by Dr. K. Rosemary Euphrasia, Coordinator of IQAC. Dr. L. Meena, Assistant Professor, MBA welcomed the audience and introduced the chief guest Dr. Alex, Associate Professor, Department of Commerce, St. Joseph's College (Autonomous) and briefed some of his academic achievements, highlighting his expertise in training the teachers and entrepreneurs.

The floor was then open to the Guest Speaker to address the audience who began quoting Swami Vivekananda, "You are what you are in

darkness.” Dr. K.Alex informed the teachers to know the importance of the place of work. He also went on to distinguish expression and communication and explained that the former is words spoken with feelings whereas the latter is words spoken without expression.

The resource person quoted various examples from history and the life of the Zen philosophers to drive his point home. He also emphasised saying, “If teachers are not updated, they are outdated.”

The entire session was split into three divisions namely Screen time, Transforming and Inspiring. Further he also stressed on the importance of reading quoting “The Society that reads will reach the pinnacle of civilization.” The resource person also narrated few anecdotes that made the session more lively, interactive and interesting. Throughout the programme the audience were very interactive and kept on participating and responding to the questions of the speaker. Dr. Alex also pointed out how a teacher has to “learn, unlearn and relearn”; how a teacher has to be always ready to learn and facilitate the needs of the students in the classroom. The relationship between a teacher and student should be meaningful and productive. He also insisted that finally the students will remember the teacher for his attitude and not essentially for his knowledge and skills.

Sir also stated the responsibility that each teacher must contain towards the institution. The life lessons they were taught by the speaker were enriching and really those were the precious take aways of the day. It was absolutely an enriching session which had rejuvenated the teachers and made them once again enlightened and refreshed.

Dr. R. Saktheshwari proposed the vote of thanks and the session came to a close.

Health and Therapeutic Benefit of Millets

The 2023 International Year of Millets is a chance to increase public knowledge of the many advantages of millets, ranging from economic growth and environmental sustainability to health and nutrition. The Year will improve the relationship between science and policy, foster collaborations, inspire stakeholders to take initiative in developing and producing millets, and promote millets' use by the general public.

Everyone has a part to play, including home cooks, chefs, young people, and representatives of the public and business sectors. To fully realise millets' potential for improving human and planetary health and wellbeing, we must cooperate.

To commemorate the International Year of Millets (2023), IQAC of Fatima College and The Research Centre of Home Science jointly organised a two-day' workshop for their non-teaching and sub-staff at the Food Science Lab, The Research Centre of Home Science, Fatima College, Madurai. IQAC members welcomed the chief guest, and Dr. Rosemary, Associate Professor of Computer Science and Co-Ordinator of IQAC, inaugurated the programme. Mr. Mariappan discussed the value of millet and the reasons it's considered a nutritious diet. After giving a demonstration of how to cook using millets, he gave each group a task to prepare a meal using millets. The employees made a variety of foods, including **small grains laddu, saamaithosai, varagu Pongal, and small grains thosai**. He sampled the cuisine after the session and expressed gratitude to the groups.

Report:

The Fatima College sub-staff members were the target audience for the programme. They enthusiastically engaged in the programme and displayed their abilities in a competitive manner. The main guest acknowledged their curiosity and gave them advice on how to promote the cuisine locally.

Outcome: This event was being recreated by non-teaching and support staff members. They got the notion to start their own business.
