member in all IQAC initiatives. She kick started her speech by insisting on the importance of learning. She quoted Socrates's lines "An unexamined living is not worth living" and she emphasized on her philosophical call to examine into the inner landscape as a teacher. She appreciated and recognized the college as a secular institution. Further, Dr.Magdalene gave her deliberations on the necessary etiquettes that a teacher of Fatima College should practice by touching upon the topics like proper teacher-student language of communication, saying 'no' at the right time and how to respond elegantly. Later, she posed the question "Why do you want to teach?" to the participants and made them to think deeply about their purpose of choosing this noble profession. Few teachers shared their own stories of inspiration. After this sharing session, Dr. Magdalene shared her personal anecdote of how she became the professor of English after going through so much difficulties and challenges in her life and it was truly inspiring. She highlighted the courage and joy that a professor needs to become an empathetic teacher.

Furthermore, she encouraged the teachers to have courage not only to question something or someone, but also to have courage to give some concrete solution to the problems stated by the students.

REPORT

The IQAC of Fatima College organised a special lecture on “Non-Violent Economy: Local Livelihoods and Climate Change” on September 21, 2022 at San Jose Seminar Hall from 12.30 to 1.30 p.m., as a part of *Ahimsa Santhae* programme. Mr. Ananthoo, Founder, Organic Farmers’ Market, Tula, was the Guest of Honour.

The programme started with a prayer song. The members of the Student Council welcomed the gathering and introduced the chief guest. Dr. K. Rosemary Euphrasia, IQAC Coordinator honoured Dr. Ananthoo with a shawl and a memento. Dr. Ananthoo, in his special address, highlighted the importance of the food culture that the young generation should adopt. He explained the term Non-Violent Economy and stressed the importance of adopting such economy that Mahatma Gandhiji had advocated. Focusing on adulteration and junk food, he requested the students to be aware of the deficiencies they cause and the hormonal changes they fabricate. Starting from snack items, he elaborated on the need to choose a diet made of nutrient-rich food. He also emphasized the need to consume food items that are rich in vitamins, minerals as they nourish the body and help keep us healthy. They can reduce the risk to chronic diseases. He also talked about the change in life style that has resulted in climate change. A proper diet with local products and a simple life style without complicating our mind and body with unnecessary things will definitely lead to a better future for our globe, he concluded. After the lecture, some students posed questions to Mr. Ananthoo and clarified their doubts.

Report

A one – day Faculty Enrichment Programme was successfully conducted by the IQAC of Fatima College on October 29, 2022. The FEP programme received an overwhelming response with around 190 teaching staff from Shift I and Shift II. The entire programme was spearheaded by Dr. K. Rosemary Euphrasia, Coordinator of IQAC. Dr. L. Meena, Assistant Professor, MBA welcomed the audience and introduced the chief guest Dr. Alex, Associate Professor, Department of Commerce, St. Joseph's College (Autonomous) and briefed some of his academic achievements, highlighting his expertise in training the teachers and entrepreneurs.

The floor was then open to the Guest Speaker to address the audience who began quoting Swami Vivekananda, “You are what you are in darkness.” Dr. K. Alex informed the teachers to know the importance of the place of work. He also went on to distinguish expression and communication and explained that the former is words spoken with feelings whereas the latter is words spoken without expression.

The resource person quoted various examples from history and the life of the Zen philosophers to drive his point home. He also emphasised saying, “If teachers are not updated, they are outdated.”

The entire session was split into three divisions namely Screen time, Transforming and Inspiring. Further he also stressed on the importance of reading quoting “The Society that reads will reach the pinnacle of civilization.” The resource person also narrated few anecdotes that made the session more lively, interactive and interesting. Throughout the programme the audience were very interactive and kept on participating and responding to the questions of the speaker. Dr. Alex also pointed out how a teacher has to “learn, unlearn and relearn”; how a teacher has to be always ready to learn and facilitate the needs of the students in the classroom. The relationship between a teacher and student should be meaningful and productive. He also insisted that finally the students will remember the teacher for his attitude and not essentially for his knowledge and skills.

Sir also stated the responsibility that each teacher must contain towards the institution. The life lessons they were taught by the speaker were enriching and really those were the precious take aways of the day. It was absolutely an enriching session which had rejuvenated the teachers and made them once again enlightened and refreshed.

Dr. R. Saktheswari proposed the vote of thanks and the session came to a close.

The 2023 International Year of Millets is a chance to increase public knowledge of the many advantages of millets, ranging from economic growth and environmental sustainability to health and nutrition. The Year will improve the relationship between science and policy, foster collaborations, inspire stakeholders to take initiative in developing and producing millets, and promote millets' use by the general public.

Everyone has a part to play, including home cooks, chefs, young people, and representatives of the public and business sectors. To fully realise millets' potential for improving human and planetary health and wellbeing, we must cooperate.

Day1: To commemorate the International Year of Millets (2023), IQAC of Fatima College and The Research Centre of Home Science jointly organised a two-day' workshop for their non-teaching and sub-staff at the Food Science Lab, The Research Centre of Home Science, Fatima College, Madurai.
