### ACADEMIC INFORMATION

Fatima College introduced Choice Based Credit System (CBCS) in 2001. Since then, the college has raised the bar of Higher Education and has catered to the needs of the stakeholders offering a learner-centric curriculum in the digital era. The College moved from content - based to competency-based Curriculum - Outcome Based Education under CBCS in 2019. This learner-centric teaching pedagogy measures the students' performance through the respective course/ programme outcomes after a considerable period of time. The course/programme outcomes are realised based on the knowledge, skills and attitudes acquired by the learner shaping them into inquisitive researchers, topical innovators, befitting employees of the upcoming job markets and above all better citizens of this global village.
