## EXPERIENTIAL LEARNING

The Students of Fatima College are exposed to a variety of learning experiences. All departments organized sessions and programmes both online and face-to-face for students that form part of **experiential learning, participative learning and problem-solving methodologies**. Subject Experts are roped in and this gives added knowledge to the students. The joy of learning and involvement of students is evident in these kinds of learning experiences.

### DEPARTMENT OF HISTORY

Experiential Learning is a process of education through experience, followed by reflection on that experience. Experiential learning is part of the larger category of active learning, because it directly involves students in the process of their own learning.

The students visited Rameshwaram on February 2, 2024 and gained experiential wisdom. created awareness among the students to preserve and conserve the natural heritage resources in Ramanathapuram region.

### MAHALIR SAKTHI, MADURAI

(An Organisation For The Empowerment Of Women and Children)

(2023MSW02)  
Mahalir Sakthi is pleased that Miss.A.Annie Merlin, a 1<sup>st</sup> year MSW student of, FATIMA COLLEGE, who has been attached with us, has successfully completed her internship from 03.05.2024 to 03.06.2024. During the internship, she was very prompt, enthusiastic and dedicated to mingle with slum children and adolescent girls not only to gain knowledge about their socio economic and political situation, but also the strategy to change their life through education and motivation. We appreciate her inquisitiveness to learn and change the life of the slum dwellers.

We wish her all success in her study and future career as a change agent!

  
(A.GRACE GANDHIMATHI)  
Managing Trustee

## DEPARTMENT OF BCA & PGDCA

Department is organizing club activities every week to develop their Skills by arranging workshops with hands-on session to improve students programming skills. With the active participation of advanced learners as coordinators both set of students get benefited. Guest Lectures are arranged for the students as to gain the knowledge about the experts to follow. Providing opportunities to develop their creativity by participating and organizing intercollegiate as well as national level technical conferences and symposiums.

Various competitions like paper presentation, debugging, web development, movie making, and software development are conducted to enrich their knowledge technically. Faculties are encouraging the students to understand their concepts easily through both flipped and blended learning. Students are encouraged to learn ICT enabled tools by submitting their assignments, materials and case studies. The faculty members make learning interactive with students by motivating student participation in group discussion, subject quiz, questions and answers on current trends in Information Technology.
