On 5th January, 2024 a guest lecture was held on the topic 'DEVOPS with AWS and TECH Tools' and it was carried out by Mr. Venkatesh, Technical Lead, REDOT Academy.

The speaker started the session with curious questions and it focused on DEVOPS. He explained the usage of DEVOPS and unlocked the secret about how the real-time application gets updated while it is in the running state. This stimulated the student's spirit of enquiry as well as he upskilled the students about "Commands", which is to operate a system without mouse. During the end of the session, the students were interactive with the speaker and used his knowledge.
