Dr. S. Gayathiri explains about the “DEVELOPMENT OF THE TECHNOLOGY” like MOBILE. Mam gave a speech about the innovation of the mobiles from 2G to 5G.

2G brought digital technology, allowing for more efficient voice calls and basic data services.

3G expanded data capabilities enabling internet access and multimedia applications.

4G further enhanced data speeds, supporting high- quality video streaming and mobile broadband.

5G was designed to provide greater rates of data transfer, lower latency and improved reliability and new use cases, transforming a wide range of industries.

This session helps the students to understand the differences and innovation of technology.

sustainable development, we should know how to help people with the use of Artificial Intelligence.

The main aim of AI in Industry 5.0 is social helping to people. The technology should be like that it gives benefit to the society. We should create a idea for the sustainable development. The UNO will decide the goals to achieve in future. We people should think about how we can bring solutions through AI or Industry 5.0. And as per the UNO, there are 17 goals and it will have to achieve in 2030. With that, he concluded. This became the eye opening session to the students.

CHIEF GUEST: C.Rajasahasranamy,

Chief Executive Officer, Agro Food Trade Centre.

She spoke about the Agro food centre and what are all the works done there and how it's happening. She shared how we should market products as a commerce student. She talked about the importance of GST. She conveyed that at present, there is more scope for GST practioner. Even the qualified auditors don't have much knowledge about GST. So, for a GST practioner there is a demand in a society and we can earn more money through this. She also spoke about CA and CMA. She concluded her speech by saying about Agro food centres.
