NAME OF THE DEPARTMENT	: ECONOMICS
NAME OF THE VILLAGE	: AYYAN THENKARAI
NAME OF THE ACTIVITY	: KISAN DIWAS OR NATIONAL FARMERSDAY 2023
NAME OF THE STAFF	: Dr. P. Anita
NO. OF STUDENTS PARTICIPATED	: 29
NO. OF BENEFICIARIES	: 12
DATE	: 16.12.2023

We the students of III BA ECONOMICS went to the village on 16.12.2023 from 2.00Pm to 5.15pm to emphasize the importance of Farmers as Kisan Diwas or National Farmers Day 2023 is celebrated on the 23rd of December every year in our country.

In line with this, the theme for this year's National Farmers' Day celebration is "Delivering Smart Solutions for Sustainable Food Security and Resilience" we students gave speech on the importance of farmers in the economics development of a country and updated latest technology available in digital platform to them.

They performed a thought provoking skit emphatically insisting farmers grow life and provide life to other humans. Farmers are the pillars of the society and economy. Students portrayed that Farmers can learn a great deal by comparing notes on livestock, farming methods, implements (including drones these days), and learn what works, what doesn't, and why. Raised slogan "Agriculture is a work no one can live without".

Student also performed a dance delineating the joy of farmers during sowing and harvesting of crops in fields.

Villagers shared their joy and ruefulness to the students requesting them to take up agriculture as their career (profession) once they complete their studies, only then agriculture can be introduced to future generation.

NAME OF THE DEPARTMENT: Department of Sociology and Social work

NAME OF THE VILLAGE: Thirumalnatham

NAME OF THE ACTIVITY: Farmers Day Awareness Rally

NAME OF THE STAFF: Dr.M.ShapnaYasmin

NO. OF STUDENTS PARTICIPATED: 18

DATE: 16/12/2023

Department of Sociology and Social Work visited Thirumalnatham village to create the awareness about Farmer's Day, through the activity of Rally. Through Rally students spoke about the importance of Farmers and Farming. After that students were divided into two groups to distribute the Vermicomposting fertilizer made by our college to the village people who are having lands. Distributed the 4kgs of Vermicomposting to the 11 families in the village, where they planned to use it for their crops or for their saplings.

Students were asked to collect the details of the families who are having own lands. From these, 24 families was having own land and they are mostly yielding Paddy, Sugarcane and Coconut plantain trees in their fields.

Students were asked to collect the feedback about the farms and lands and about the farmers. Most of the village people responded that their farming has been decreased and agriculture is been drastically destroyed due to many unexpected natural calamities and they don't receive any schemes from the government. Only they received the subsidy for fertilizers from the government. Finally after completing the process we departed from there and returned back to our college.

Report

INTRODUCTION:

Extension is an important activity which contributes to the enhancement of the status and public recognition of a profession and welfare of the society at large. Keeping this view in mind the 3rd year Mathematics students of Fatima College carried out an activity on December 16th at Nedungulam village, Madurai.

OBJECTIVE:

- To create awareness about the role of farmers in our nation.
- To create awareness to use fertile soil.

PROGRAMME HIGHLIGHTS:

The programme started with the rally based on the theme of Role of Farmers. For creating awareness among the people, the students had distributed fertile soil. Also, the students done various activities like song, poetry and speech based on the theme. At the end of the programme the students and the children from the village had a mindful experience.

Distribution of Organic Manure

NAME OF THE STAFF : Ms. J. R. Sofia

NO. OF STUDENTS PARTICIPATED: 20

NO. OF BENEFICIARIES : 15

DATE : 16/12/2023

In commemoration of the National Farmers Day (Kisan Diwas), the students visited the village and carried out programmes emphasizing the importance of farming. Students gave a talk on how the farmers play a vital role in feeding India's huge population and are the backbone of the nation's economy. The students sang songs that praise the farmers of the land. They talked to the village people about the importance of organic farming. The students also imbibed the pros of utilizing organic manure over the inorganic ones. They then distributed organic manure to the villagers.

REPORT:

On 16-12-2023 at 2.00 PM, extension students of chemistry department along with the staff-member incharge started from the campus and visited Achampatti Village. Village people and the students interacted each other regarding the agriculture and farmers. The students organized a programme regarding farmer's day, a speech given by Ms. Agnes Mary and Ms. CherinPrincy, and group of students from III UG chemistry performed a skit regarding the importance of agriculture and the farmers by Ms. Dina Maglin, Ms. Harishma, Ms. Silpal and Ms. Catherin Siba. Finally games were conducted regarding children regarding the farmers day and students eagerly participated and got prizes. Prizes distributed by Dr. J. Belinda Asha to the winners, the saplings and the seeds were distributed. The vermi compost also provided to the villagers.

In commemoration of the Farmer's Day, Third year, undergraduate students of Home Science with Food Biotechnology, Fatima College (Autonomous), Madurai, created an awareness on agriculture among school students and interacted with a farmer about present life style and agricultural activities. The students sang a song related to agriculture in front of 15 school students and also presented a dance performance for an agriculture awareness song. As the children were very enthusiastic in songs and dance they understood the concept very well. Thus an awareness to respect farmers and agriculture was created. Also, there was an interactive session with the school students about agriculture, health and hygiene. The school session ended up the with teaching a small exercise to them to keep their body healthy. They were enthusiastic in participating the program. Then an interactive session was conducted with the farmers. A farmer of 76 years old expressed his sorrow about the current agriculture and our health problems. He told that now a days we are not eating a healthy food. We use more pesticides and hence we are not consuming healthy foods. Even though he is 76 years old, he was found to be fit and healthy because he used to have a healthy food when he was young. They only used natural manuring such as, compost, oilcake meal, healthy weeds etc. Moreover, he told that nowadays as people are taking medicines like food, being healthy is impossible in future. The students created

A

unique Farmers' Day celebration was organised by the students of Computer Science Department, Fatima College on 16.12.2023. Every activity pulsed with the theme "Cultivating Connection," weaving appreciation for farmers into a day of laughter, learning, and shared joy.

A Whirlwind of Creative Recognition:

The students kicked off with a traditional method of invoking blessings for the land and its cultivators. This set the stage for a vibrant whirlwind of activities designed to celebrate farmers in every way imaginable:

• **A Captivating Skit:** Our students transformed into farmers, bringing to life the daily grind and triumphs of life on the land. From sowing seeds to reaping harvest, their performance resonated with laughter and understanding.

SKIT

•Son

gs of the Soil: Original melodies composed and sung by the students filled the air with praise for the bounty of the fields and the tireless hands that nurture it. Each song was a heartfelt ode to the farmer's spirit.

SONGS

•*Dancing Through Seasons:* Energetic dance performances mirrored the rhythms of agricultural life, from sowing to reaping. Each step pulsed with the dedication and joy that defines a farmer's journey.

Learning Through Seeing:

Beyond artistic expression, the students wanted to share knowledge. Informative charts, meticulously crafted by the students, became silent storytellers. They unveiled the diverse crops grown in T.Andipatti, the challenges faced by farmers, and the potential for growth through collaboration. These visual aids sparked discussions, fostering learning and empathy.

Open Dialogue, Building Bridges:

To ensure the bridge between appreciation and understanding was firmly built, the students facilitated an interactive discussion session. This became a space for farmers to share their stories, concerns, and suggestions. Their wisdom, honed by years of tending the land, resonated with the students, highlighting the need for ongoing support and collaborative efforts.

DIS

CUSSION

Growing Together:

In a heart warming gesture, Fatima College, recognizing the vital role of farmers, extended their support by distributing Vermicompost (earthworm soil) to the people of T.Andipatti. This act aimed to contribute to the prosperity of the agricultural community, symbolizing the college's commitment to fostering growth and sustainability in collaboration with the dedicated hands that cultivate the land.

FATIMA COLLEGE

The day concluded with a hand in hand commitment to connect students and farmers further. The students pledged to explore ways to empower the agricultural community through knowledge sharing, technological advancements, and resource mobilization. This promise resonated like a hopeful seed, assuring a future where technology and tradition bloom together in support of the farmers who feed the nation.

On 16 / 12/23, as a part of ROSA extension, 24 students of III BA English (SF) went from Fatima college to C. PUTHUR. The team of students, guided by Dr. P.Priyanka, Assistant Professor, Department of English, started from college at 2.00 p.m and reached the village by 2.30 p.m. The faculty, Dr. P.Priyanka got permission from the village president and the students were divided into three groups. The students insisted and asked the villagers to gather at one place to conduct a skit on Farmer's day and cleared the queries raised by the villagers. Two enthusiastic old women and ten children attended the program. A team headed by Saniyah performed the skit and mime for the villagers. Followed by which, a dance marathon was held for the children and they were rewarded with chocolates. Finally, the students and staff boarded bus at 3.30 p.m from C PUTHUR and reached Fatima college at 4.00 p.m.

NAME OF THE EXTENSION ACTIVITY: Farmer's Day

NAME OF THE STAFF: Ms. G. Glory Leena Doss

NO. OF STUDENTS PARTICIPATED: 14

DATE: 16.12.2023

III BA students from the Department of Journalism and Mass communication (SF) on 16.12.2023 (Saturday) visited the village C. Pudur as part of their Extension Service Activity. Students gathered all the villagers and celebrated Farmer's Day. They began the program by conducting giving introduction about farmers. Then they did a skit highlighting the importance and issues faced by farmers. They provided various schemes that can be utilized by them. At the end, we gave the 2 Kg of manure to the people as a part of celebration of Farmer's Day.

REPORT:

On December 14th, 2023, the final year students from the Department of Computer Applications, Fatima College, Madurai undertook an extension activity in **Thiruvedagam** village under the guidance of Ms. P. Renganayagi, Assistant Professor, Department of Computer Applications. The students were engaged in various community-oriented activities. A focal point of this initiative was to create Awareness regarding Farmers Day to the villagers by conducting various activities like doing Skit and Speech about Farmer's schemes and benefits to the villagers. During the awareness program the students were divided into two groups and were allotted to do the activities they prepared by themselves. The activities done by them are skit, awareness speech, teaching about farming, singing and learning about farming from the villagers. The students prepared some chart works to convey the message to the villagers.

The schemes that the students conveyed to the villagers are:

- ✓ Soil and water conservation in the catchments of River Valley Project.
- ✓ Agricultural Mechanisation Programme.
- ✓ Minor Irrigation Scheme.
- ✓ Land development Scheme.
- ✓ National Agriculture Development programme (NADP).

NAME OF THE VILLAGE : THIRUVEDAGAM
NAME OF THE ACTIVITY : Celebration of Farmers' Day
NAME O F THE STAFF : Dr. V. Jane Varamani Sulekha
NO. OF STDUENTS PATICIPATED: 41
DATE : 15-12-2023

National Farmer's Day or Kisan Diwas 2023 is celebrated annually on 23 December to mark the birth anniversary of former Prime Minister Chaudhary Charan Singh. On 15th December 2023, 41 students of 3rd **B.Sc. INFORMATION TECHNOLOGY** of **FATIMA COLLEGE** visited the village THIRUMALNATHAM, which is nearly about 18kms away from our college and celebrated Farmers day. The students of IT were formed as 4 groups and met the villagers.

Team 1: Our visit aimed to understand the challenges, successes, and the overall narrative surrounding farmers and farming practices in Thiruvudagam. During our visit, we engaged in conversations with both men and women from the community. They shared their valuable experiences, shedding light on various aspects of farming. Many farmers expressed concerns about unpredictable weather patterns affecting crop yields. Additionally, they highlighted the financial strain due to rising input costs and fluctuating market prices. Despite the challenges, several farmers shared innovative techniques they have adopted. These include water conservation methods, organic farming practices, and the integration of technology for crop monitoring.

Team 2: We celebrated the farmers day by collecting information from the farmers when they doing their favourite thing. They told many experiences about their plants, land, garden and everything. We learned from the farmers there which trees take how long to grow. For example he said banana trees take 12 to 14 months and palm trees take three to four years. We asked them that are there any alternate national pesticides that are environmentally friendly practices to replace chemical pesticides, they had said that they would use Grounded mint, garlic paste with some chilli powder and dissolve it in the water and spray it as a natural pesticides. We learned a lot from them about which plant to apply which fertilizer and how to protect it. They used to grow many new plants in their house instead of putting them in the garden, for example grape plant

like that. It really makes us feel good. They really give important to the soil which makes the growth of the plants. It provides a healthy environment for plants to grow.

Team 3: We celebrated the farmers day by spreading awareness to the village peoples regarding deforestation and performed a skit about deforestation we showed the cause of deforestation & its side effects . For example, Tree give us oxygen, cutting down of trees of wood extraction will destroy the cycle of nature. We also told them to use recycled products if it is available. And we told them to buy more products that are made from recycled goods .We also told them that best way to prevent deforestation is replanting, support brands that minimize damage to our environment

Team4: We gave awareness regarding the farmer acts 2023 and also we have mentioned them about the new farmer bills that are passed in the year 2023. We have gave the number of schemes that farmer can apply for loan. We spoke about the schemes that are available for the farmers for agriculture. The undergoing schemes are:National Beekeeping and Honey Mission, Primary Agricultural Credit Societies (PACS),unique package for farmers. And also we enriched them about Bill No. 77 of 2023 to provide for protection and welfare of small land holding farmers by constitution of a Minimum Price Assurance Commission and a Small Land Holding Farmers Welfare Fund and for matters connected therewith.

OUTCOME

The objective of celebrating Kisan Diwas is to acknowledge and appreciate the contribution of farmers to India's economy. Our students appreciated their effort and encouraged them to reach great heights.
