Students and Staff from the Department of Sociology and Social Work visited Thiiruvudagam Panchayat to take part in the Gram Sabha meeting. With the presence of Village President, VAO, BDO, Clerk, SHG members, VHN and the members of Village Panchayat everyone gathered there to attend the Gram sabha meeting. The meeting started sharply at 10.30am and the President started reciting the queries and the problems of the people discussed and submitted in the previous meeting.

They focused mainly on the basic sanitation and open drainage of those villages. In this meeting, the people who had claimed that there is no drinking water facilities, no sanitation facilities and no proper drainage system facilities.

During the rainy season the people of that village were suffering tremendously due to the stagnation of rainwater especially the people who are resident in the colony which is situated at the Thiruvedagam . This is due to the absence of proper drainage system. Because of the lack of sanitation facilities, the children who are studying in Anganwadi may have a chance of getting affected by various diseases like dengue and malaria.

Based on the SIRD project, I batch of our III UG students along with staff visited Thirumalnatham village on 24.01.2024 mainly to conduct Transect Walk across the village, So one of our student explained about the Transect Walk conducted in the village. i.e In this Transect walk the children from the thirumalnatham village were grouped into four clubs - Education, Health, Nutrition and Child protection and our students interacted with the children about the importance of education, nutrition rich foods, and child line numbers to the village students.

This was explained by our student in the Gram Sabha meeting and this was noted by the secretary of the village panchayat .Finally at the end of the Gram Sabha meeting we have discussed with village president about the SIRD project and about the future planning.

NAME OF THE VILLAGE: C. Pudur

NAME OF THE ACTIVITY: EXTENSION - Grama Sabha Meet

NO. OF STUDENTS PARTICIPATED: 15

DATE: 26.01.2024

REPORT:

II B A students from the Department of Journalism and Mass communication (SF) on 26.01.2024 (Friday) visited the village C. Pudur as part of their Extension Service Activity. Students attended the Grama Sabha Meet along with the villagers. They received national flags from the Sabha to be pinned onto themselves as part of the Republic Day celebrations. Following that, people presented their grievances to the panchayat leader and sought appropriate actions. The students also represented the problems which they've observed in the village.

Decision that was taken in Grama Sabha Meet:

- To urge more authorities from various departments to attend the meeting as only those near by to the village have been present for several weeks.
- To install an RO facility in the drinking water tank as there is too much salt in the village water supply causing kidney stone issues among villagers
- To form separate channels for normal water and sewage water as both are getting mixed in the tank behind the school.
- To fix damaged streetlights.
