NAAC – 4th CYCLE – Self Study Report (SSR)

Criterion	: I – Curricular Aspects
Metric	: 1.1.1 – Programme Outcomes (POs), Programme Specific Outcomes (PSOs) and Course Outcomes (COs) – B.A SOCIOLOGY WITH COMPUTER APPLICATION
Year	: 2015 - 2020

FATIMA COLLEGE (AUTONOMOUS), MADURAI – 625018

NAME OF THE PROGRAMME: B.A SOCIOLOGY WITH COMPUTER APPLICATION   **PROGRAMME CODE: UASC**

PROGRAMME OUTCOMES:

The learners will be able to

PO1: acquire knowledge of fundamental concepts and subject specific academic competency.

PO2: enhance the communicative skills and gain confidence to disseminate knowledge through oral and written communication effectively.

PO3: think critically, evaluate analytically and apply the expertise of their discipline in real life.

PO4: appreciate literary, economic, cultural, socio-psychological and environmental diversity.

PO5: pursue and attain meaningful goals, develop positive attitude to gain self-awareness, self-esteem, self-discipline and self-motivation.

PO6: acquire employability and entrepreneurial skills

PO7: evolve as responsible citizens and leaders.

Criterion	: I – Curricular Aspects
Metric	: 1.1.1 – Programme Outcomes (POs), Programme Specific Outcomes (PSOs) and Course Outcomes (COs) – B.A SOCIOLOGY WITH COMPUTER APPLICATION
Year	: 2015 - 2020

PROGRAMME SPECIFIC OUTCOMES:

PSO 1:   Understand sociology in sociological perspectives with basic computer knowledge.

PSO 2:   Discusses on sociological theoretical perspectives and approaches to social development.

PSO 3:   Learners will become digital literates to fit in the contemporary society with sociological imagination.

PSO 4:   Undertake advanced courses in sociology, social work, criminology, psychology and computer.

PSO 5:   Apply sociological knowledge in understanding and solving social problems.

2019 - 2020

COURSE CODE	COURSE TITLE	NATURE OF THE COURSE (LOCAL/NATIONAL /REGIONAL/ GLOBAL)	COURSE DESCRIPTION	COURSE OUTCOMES
19S1CC1	Principles of Sociology-I	Global	This course introduces the learners to have scientific study of human society, culture, and social interactions.	CO 1: Identify the Origin of Sociology, its Nature and Scope CO 2: Explain the Basic Sociological Concepts

				CO 3: Identify different Social Groups and explain its Functions CO 4: Describe the Social Stratification and its Importance CO 5: Differentiate the Major Social Institutions
19S1CC2	Computer Organization	Global	This course will introduce the students to basic computer hardware and processing concepts using Windows based applications.	CO 1: Describe the Basic Computer Operations. CO 2: Explain the Functions of Software and basic Programming Languages. CO 3: Describe the Database Concepts. CO 4: Utilize the Internet Web resources for both Academic

			"understanding of Indian society"	Marriage and Family System in India • Examine the Impact of Modernization and Globalization on Indian Economy. • Analyze the Nature and Types of Political System
S3CC8	Multimedia & its Applications	Global	This course is designed to provide the knowledge on the basics in Photoshop and Flash in Multimedia.	• Identify The Usages Of Multimedia. • Discuss Different Building Blocks In Multimedia. • Compute the Photoshop-Image Management in Multimedia • Analyze the importance of Flash. • Examine the tools in creating Animations
S3CC9	Lab III- Photoshop& Flash	National	This course focuses on the applications of	• Identify the tools to create New Layers

NAAC – 4th CYCLE – Self Study Report (SSR)

Criterion	: I – Curricular Aspects
Metric	: 1.1.1 – Programme Outcomes (POs), Programme Specific Outcomes (PSOs) and Course Outcomes (COs) – B.A SOCIOLOGY WITH COMPUTER APPLICATION
Year	: 2015 - 2020

			Photoshop and flash tools in the field of Multimedia.	• Interpret image transformation by using Photoshop • Apply the Photoshop tools in designing • Examine the shapes and symbols in flash. • Analyze the Animated visual effects
S3AC3	Gender Studies	Global	This course is an introduction to the study of Women as a diverse social group with a history, culture, and experience of their own, and to the study of gender as a category of social, cultural, and economic organization.	• Identify the Meaning and Scope of Gender Studies. • Explain the role of Women Activists in India • Estimate the Status of Indian Women in Different Sectors. • Analyze the Impact of Glass Ceiling Effect. • Distinguish various Legislations related to Women.

S3SB1	Principles of Counselling	National	This course will provide an introduction to the fundamental skills, processes, principles, techniques, principles of counselling.	• Describe the Nature, Scope of Counseling. • Identify the Origin and Growth of Counselling. • Discuss the knowledge of Psychotherapy and Clinical Psychology. • Summarize Importance of Positive Mental Health • Estimate the stages of Human Development.
S4CC10	Social Disorganization & Social Problems	Global	This course emphasis on causes, consequences, and possible solutions to problems associated with Families, Schools,	• Identify the causes of Social Disorganizations. • Describe the Problems of Social Deviance. • Estimate the Social Problems at Micro and Macro Level.

			Workplaces, Communities, and the Environment.	• Analyze the Problems Arises in Community. • Classify the Intervention Methods in Different Sectors.
S4CC11	Visual Programming	Global	This course focuses on the fundamental principles of event-driven programming and to programming using a Visual Environment through the use of the C Programming language.	• Recall Visual Programming basics and its components. • Explain code design in Visual Programming. • Identify controls in Visual Programming. • Examine Built-in Function of Visual Programming • Analyze data reports.
S4CC12	Lab IV- Visual Programming	Global	This course focuses on the hands-on-training with application of various tools in visual programming.	• Describe Visual Programming in Arithmetic Calculations • Discover Database Programs • Construct inventory report • Discover Pay bill

				• Analyze Data Base applications in Visual Programming
S4AC4	Psychology of Adjustment	Global	This course introduces the study of the Adjustment Process focusing on contemporary challenges individuals.	• Identify the concepts of Adjustment and Importance of Interpersonal Relationship. • Outline the basic needs and drives. • Estimate the sources of stress and Ego Defense Mechanisms. • Classify the effects of emotions on personality. • Compare the stages of Human Development..
S4SB2	Counselling Process	National	The course is designed to upgrade and enhance the abilities and skill set of students in order to ensure the Holistic	• Describe the approaches of Counselling Process • Interpret the concept of "Self" • Discuss the steps involved in Professional Counselling.

NAAC – 4th CYCLE – Self Study Report (SSR)

Criterion	: I – Curricular Aspects
Metric	: 1.1.1 – Programme Outcomes (POs), Programme Specific Outcomes (PSOs) and Course Outcomes (COs) – B.A SOCIOLOGY WITH COMPUTER APPLICATION
Year	: 2015 - 2020

			growth of aspirants and ability to handle the Socio-Emotional, Academic and Ethical issues of their Self and others with ease and expertise.	• Estimate the Skills and Qualities of Counsellor • Discover the need of Counselling in Specific Situations
S5CC13	Social Research	Global	This course is designed with the practical tools of doing Social Science Research with a strong background of designing research on social issues.	• Recall the Nature and Scope of Social Research • Outline the need and types of Research Design • Construct the tools for Social Investigation. • Analyze Need based Sampling Methods • Discover the Sociological Report with a firm understanding about the Social World.

NAAC – 4th CYCLE – Self Study Report (SSR)

Criterion	: I – Curricular Aspects
Metric	: 1.1.1 – Programme Outcomes (POs), Programme Specific Outcomes (PSOs) and
	Course Outcomes (COs) – B.A SOCIOLOGY WITH COMPUTER APPLICATION
Year	: 2015 - 2020

S5CC14	Social Gerontology	Global	This course analyzes the social aspects of Aging by giving an introduction to the field of Gerontology, its history, theories, and Research methods	• Recall the nature, scope and theories of Social Gerontology • Classify the Physical, Psychological and Social changes of Elderly • Discover the Problems faced by the Elderly • Analyze the status of Elderly in the society • Examine the support systems of the elderly.
S5CC15	Lab- V SPSS	Global	SPSS is a powerful general purpose Statistical Package with high quality graphics and tabulation facilities, and a reputation for being relatively user-friendly. This course is	• Recall the importance of Statistical usage in Social Research • Classify the Data view and Variable view. • Estimate the different options available in data handling

NAAC – 4th CYCLE – Self Study Report (SSR)

Criterion	: I – Curricular Aspects
Metric	: 1.1.1 – Programme Outcomes (POs), Programme Specific Outcomes (PSOs) and Course Outcomes (COs) – B.A SOCIOLOGY WITH COMPUTER APPLICATION
Year	: 2015 - 2020

			for beginners. Basic concepts and use of SPSS will be introduced.	• Categorize the data and use the appropriate tests in SPSS • Analyze the tests, graphs and to write interpretation
S5ME1	Social Demography/ Sociology of Health	Global	The course emphasizes the impact of Population Processes and events on Human Societies. The course is designed to introduce students to basic concepts of demographic measurement and theories related to population. It facilitates the understanding of how social and demographic factors interact to create	• Recall the nature and scope of Social Demography • Interpret the source and importance of Demographic data • Estimate the impact and consequences of Development • Connect the major theories related to Social Demography. • Analyze India's Population policies

			societal problems throughout the world.	
S5SB3	Healing the child within	Local	This course is designed to increase the understanding of Oneself and help in the journey of Self-discovery.	• Identify their "Inner Self". • Summarize the importance of Healing Process • Describe the intimate relationship with "Self and Others" • Estimate the process of Healing and Transformation • Discover the importance of Healing the Inner Child
S5SB4	Emotional Maturity	National	The course is design to understand and manage emotions. It includes perception on self and emphasise the importance of accepting	• Define the importance of Feelings. • Explain the importance of Feeling through body • Illustrate the wisdom in loving the body.

			One's Own Self	• Estimate the perception on Sexuality. • Apply the importance of Accepting One's own Self
S6CC16	Sociological Theories	Global	This course gives conceptualize and help the learners to apply their Sociological imagination to explain Social issues from a Social Structural and Critical perspective.	• Describe the Historical and Cultural contexts in which specific theories were developed. • Discuss Social, Political, Economic structures of society. • Identify the Structure and Functions of Social World • Classify the major Sociological perspectives • Analyze Sociological theories in Social Research
S6CC17	Social Psychology	Global	This course provides students the opportunity to analyze	• Identify the significance of understanding Human Psychology

NAAC – 4th CYCLE – Self Study Report (SSR)

Criterion	: I – Curricular Aspects
Metric	: 1.1.1 – Programme Outcomes (POs), Programme Specific Outcomes (PSOs) and
	Course Outcomes (COs) – B.A SOCIOLOGY WITH COMPUTER APPLICATION

				structure.
				• Categorize C programming in creating records.
S2AC2	Rural Sociology	Global	This course aims to understand and address issues affecting rural commu nities	• Identify the nature and scope of Rural Sociology. • Outline the Power structure in Rural India. • Estimate the types and Importance of Rural Economy. • Distinguish the Rural Social Problems. • Connect the relevance of rural welfare programmes in India.
S2NME2	Integrative Psychology	Local	Integrative Psychology emphasizes the interdependence of social, cultural, physical, spiritual,	• Recall Human Life Cycle. • Identify the Process of Socialization. • Discuss Personality and its related Theories.

NAAC – 4ᵗʰ CYCLE – Self Study Report (SSR)

Criterion	: I – Curricular Aspects
Metric	: 1.1.1 – Programme Outcomes (POs), Programme Specific Outcomes (PSOs) and
	Course Outcomes (COs) – B.A SOCIOLOGY WITH COMPUTER APPLICATION
Year	: 2015 - 2020

			and psychological dynamics. Studying well-being from a systems perspective combines traditional healing wisdoms and new paradigms of social evolution.	• Describe the Attitude and Attitudinal Change. • Estimate the Stages of Human Development
S3CC7	Indian Social Institutions	Global	This course is designed as a core course to equip the student with a theoretical understanding of the development of sociological "understanding of Indian society"	• Outline the basis and importance of Religious Organizations in India. • Describe the Origin and Changing Trends in caste system • Estimate the Philosophy of Marriage and Family System in India • Examine the Impact of Modernization and

				Globalization on Indian Economy. • Analyze the nature and Types of Political System
S3CC8	Multimedia & its Applications	Global	This course is designed to provide the knowledge on the basics in Photoshop and flash in multimedia.	• Identify The Usages Of Multimedia. • Discuss Different Building Blocks In Multimedia. • Compute the Photoshop-Image Management in Multimedia • Analyze the importance of flash. • Examine the tools in creating animations
S3CC9	Lab III- Photoshop& Flash	National	This course focuses on the applications of Photoshop and flash tools in the field of Multimedia.	• Identify the tools to create New Layers • Interpret image transformation by using Photoshop • Apply the Photoshop tools in

NAAC – 4ᵗʰ CYCLE – Self Study Report (SSR)

Criterion	: I – Curricular Aspects
Metric	: 1.1.1 – Programme Outcomes (POs), Programme Specific Outcomes (PSOs) and Course Outcomes (COs) – B.A SOCIOLOGY WITH COMPUTER APPLICATION
Year	: 2015 - 2020

				• designing • Examine the shapes and symbols in flash. • Analyze the animated visual effects
S3AC3	Women's Studies	Global	This course is an introduction to the study of women as a diverse social group with a history, culture, and experience of their own, and to the study of gender as a category of social, cultural, and economic organization.	• Identify the Meaning and Scope of Gender Studies. • Explain the role of Women Activists in India • Estimate the Status of Indian Women in Different Sectors. • Analyze the Impact of Glass Ceiling Effect. • Distinguish various Legislations related to Women.
S3SB1	Principles of Counselling	National	This course will provide an	• Describe the Nature, Scope of Counseling.

NAAC – 4th CYCLE – Self Study Report (SSR)

Criterion	: I – Curricular Aspects
Metric	: 1.1.1 – Programme Outcomes (POs), Programme Specific Outcomes (PSOs) and Course Outcomes (COs) – B.A SOCIOLOGY WITH COMPUTER APPLICATION
Year	: 2015 - 2020

			introduction to the fundamental skills, processes, principles, techniques, principles of counselling.	• Identify the Origin and Growth of Counselling. • Discuss the knowledge of Psychotherapy and clinical psychology. • Summarize Importance of Positive Mental Health • Estimate the stages of human development.
S4CC10	Social Disorganization & Social Problems	Global	This course emphasis is on causes, consequences, and possible solutions to problems associated with families, schools, workplaces, communities, and the environment.	• Identify the causes of Social Disorganisations. • Describe the Problems of Social Deviance. • Estimate the social problems at Micro and Macro Level. • Analyze the Problems Arises in Community. • Classify the Intervention

NAAC – 4th CYCLE – Self Study Report (SSR)

Criterion : I – Curricular Aspects

Metric : 1.1.1 – Programme Outcomes (POs), Programme Specific Outcomes (PSOs) and Course Outcomes (COs) – B.A SOCIOLOGY WITH COMPUTER APPLICATION

Year : 2015 - 2020

				Methods in Different Sectors.
S4CC11	Visual Programming	Global	This course focuses on the fundamental principles of event-driven programming and to programming using a visual environment through the use of the C programming language	• Recall visual programming basics and its components. • Explain code design in visual programming. • Identify controls in visual programming. • Examine Built-in Function of visual programming • Analyze data reports.
S4CC12	Lab IV- VB	Global	This course focuses on the hands on training with application of various tools in visual programming.	• Describe Visual Programming in Arithmetic Calculations • Discover Database Programs • Construct inventory report • Discover Pay bill • Analyze Data Base Applications in Visual Programming

NAAC – 4th CYCLE – Self Study Report (SSR)

Criterion : I – Curricular Aspects
Metric : 1.1.1 – Programme Outcomes (POs), Programme Specific Outcomes (PSOs) and
Course Outcomes (COs) – B.A SOCIOLOGY WITH COMPUTER APPLICATION
Year : 2015 - 2020

| S4AC4 | Psychology of Adjustment | Global | This course introduces the study of the adjustment process focusing on contemporary challenges individuals. | • Identify the concepts of Adjustment and Importance of Interpersonal Relationship.
• Outline the basic needs and drives.
• Estimate the sources of stress and Ego defence mechanisms.
• Classify the effects of emotions on personality.
• Compare the stages of human development.. |
| S4SB2 | Counselling Process | National | The course is designed to upgrade and enhance the abilities and skill set of students in order to ensure the holistic growth of aspirants and ability to handle | • Describe the approaches of counselling process
• Interpret the concept of "Self"
• Discuss the steps involved in Professional Counselling.
• Estimate the Skills and Qualities of Counsellor |

NAAC – 4ᵗʰ CYCLE – Self Study Report (SSR)

Criterion	:	I – Curricular Aspects
Metric	:	1.1.1 – Programme Outcomes (POs), Programme Specific Outcomes (PSOs) and Course Outcomes (COs) – B.A SOCIOLOGY WITH COMPUTER APPLICATION
Year	:	2015 - 2020

			the socio-emotional, academic and ethical issues of their self and others with ease and expertise.	• Discover the need of Counselling in Specific Situations
S5CC13	Social Research	Global	This course is designed with the practical tools of doing social science research with a strong background of designing research on social issues.	• Recall the Nature and Scope of Social Research • Outline the need and types of Research Design • Construct the tools for Social Investigation. • Analyze need based Sampling Methods • Discover the Sociological Report with a firm understanding about the Social World.
S5CC14	Social Gerontology	Global	This course analyzes the social aspects of	• Recall the nature, scope and theories of social gerontology

			aging in by giving an introduction to the field of gerontology, its history, theories, and research methods	• Classify the physical, psychological and social changes of elderly • Discover the problems faced by the elderly • Analyze the status of elderly in the society • Examine the support systems of the elderly.
S5CC15	Lab- V SPSS	Global	SPSS is a powerful general purpose statistical package with high quality graphics and tabulation facilities, and a reputation for being relatively user-friendly. This course is for beginners. Basic	• Recall the importance of statistical usage in social research • Classify the data view and variable view. • Estimate the different options available in data handling • Categorize the data and use the appropriate tests in SPSS • Analyze the tests, graphs and to

			concepts and use of SPSS will be introduced.	write interpretation
S5ME1	Social Demography	Global	The course emphasizes the impact of population processes and events on human societies. The course is designed to introduce students to basic concepts of demographic measurement and theories related to population. It facilitates the understanding of how social and demographic factors	• Recall the nature and scope of Social Demography • Interpret the source and importance of Demography data • Estimate the impact and consequences of development • Connect the major theories related to Social Demography. • Analyze India's population policies

			interact to create societal problems throughout the world.	
S5SB3	Healing the child within	Local	This course is designed to increase the understanding of oneself and help in the journey of self-discovery.	• Identify their "Inner Self". • Summarize the importance of Healing Process • Describe the intimate relationship with "self and others" • Estimate the process of Healing and Transformation • Discover the importance of healing the inner child
S5SB4	Emotional maturity	National	The course is design to understand and manage emotions. It includes perception on self and emphasise the	• Define the importance of feelings. • Explain the importance of feeling through body • Illustrate the wisdom in loving

			importance of accepting one's own self	• the body. • Estimate the perception on sexuality. • Apply the importance of accepting one's own self
S6CC16	Sociological Theories	Global	This course gives conceptualize and help the learners to apply their sociological imagination to explain social issues from a social structural and critical perspective.	• Describe the historical and cultural contexts in which specific theories were developed. • Discuss social, political, economic structures of society. • Identify the structure and functions of social world • Classify the major sociological perspectives • Analyze sociological theories in social research
S6CC17	Social Psychology	Global	This course provides	• Identify the significance of
