Focus on : **Entrepreneurship & Skill Development**
Outcome

- Students were given information regarding different types of careers.
- They identified how to filter the unwanted process of job search and how to upload the resumes only in the areas of interest.
- They also came to know about the certifications focused in the interested area
- The participants got a clear idea about Goalsetting and Career opportunities

Report:

The session focused on the future career prospects of IT industry. Students have to decide very early "what they want to be when they grow up". But for most, the process of career selection start during the end of their college years. They begin to discover their passions, meet the Career counselors to explore the career possibilities. He highlighted that oftentimes, career selection does not end after the awarding of a college degree. More frequently, this is the most earnest stage of the career selection process as new graduates start to enter the workforce and explore different career opportunities. The participants got a clear idea about Goal-setting and Career opportunitites
