- They learnt the procedures of market mechanism
- They got to know about the significance of two depositories such as CDSL & NSDL that play vital role in the stock market
- They gained knowledge about intraday activities of the stock market

Report:

The Department of Management Studies organized a Guest lecture on “Fundamentals of Investments” on February 23, 2016. The Resource person of the day was Ms. Soundaram Divya, Alumni of the department and investment consultant. She started the session by saying that the stock market is a place where the shares are bought & sold. The speaker emphasized the students to open demat account and trade on securities to learn the procedures and market mechanism. She explained that there are two depositories such as CDSL & NSDL that play vital role in the stock market. The speaker explained about the intraday activities of the stock market and highlighted the procedures of the same. Finally, the facilitator concluded the session by saying that students need to learn about fundamentals of investments and interest to gain practical exposure.
