- training given **on paper recycling to students** – in the process of paper shredding, grinding the paper into pulp, converting the pulp into paper sheets, post-dying process, and converting the recycled papers into bags and files

Report:

The activities of Fatima Incubation & Entrepreneurship Skill Training and Animation (FIESTA) for the academic year 2018-19 began with a special training on paper recycling unit. Awareness on utilization of eco-friendly paper bags were provided to the students and they were trained in diverse processes like conversion of discarded papers into paper pulp, calendaring process and then making beautiful bags through dying process.

This training imparted skills on paper recycling to 61 young Fatimites. They were trained in the process of paper shredding, followed by, grinding the paper into pulp, converting the pulp into paper sheets with the help of board. After that, with the help of screw press water is removed from paper. Once the paper sheets are dried post-dying process begins and finally the recycled papers are converted into bags and files.
