Report:

Fatima Incubation & Entrepreneurship Skill Training and Animation (FIESTA) conducts periodical training programmes for students on Mushroom cultivation. This year the activities started with renovation of the mushroom cultivation unit with sprinkler settings. Skill training on Mushroom cultivation was organized for students on 8th February, 2019. A total of 23 students from various disciplines participated. Mr. Vijayakumar, Skill trainer, Mushroom cultivation Unit, Madurai explained the demand for mushroom cultivation and marketing. He listed out the raw materials and other materials required for preparing beds. He demonstrated the preparation of beds in the polythene bags and showed how to arrange straw and mushroom spawn in the polythene bags. Holes were made in the beds. All the students were given raw materials and accessories for preparing beds. They actively participated and prepared 60 beds. Regular watering was done and moisture and temperature in the unit was monitored. After 21 days, around 40kg of oyster mushroom was harvested from 50 beds.
