1.Introduction

Women have been working for generations and form a vital component a economically active labour force. Yet, their labour was rarely acknowledged or seriously in the workplace. In recent years beyond the labour level number of me entering into job with good educational background has increased significantly through the world in Control of the world in Co the world reflecting the changing status of women in society. Irrespective of sector 3 number of women are presently seeking education sector for their job, as a result of participation in the labour force. Among the various sector Higher education was reco as a powerful instrument of socioeconomic advancement of the society in general vehicle for unwant. vehicle for upward social mobility for deprived and marginalized sections. Earlier teaching and pursing teaching and nursing were the occupations first permitted to middle and upper class and women in the Indian conject. women in the Indian society. School teaching was particularly preferred, because it is the special respect that Indian the special respect that Indian society has traditionally accorded to occupations knowledge and teaching. knowledge and teaching. When women entered university teaching, their significantly higher than that of significantly higher than that of school teachers. Although women now have practically every profession practically every profession, to independent business, and several other are highly profession. employment that are highly prestigious and lucrative, there are many

Dr. P.Sundara Pandian M.Com., M.B.A, M.Sc., M.A., M.Phil., P.G.D.C.A., P.G.D.M.I.R., Ph.D., is a writer and thinker on commerce and Management subjects for more than a quarter of a century. He is the Principal of VHNSN College (Autonomous), Virudhunagar. He has a good blend of Techno-Commerce Academic background.
