Activity Description:

“Not every child understands what life is after becoming senior citizens. How the aged are abandoned by their children and lead a life of recluse in orphanages with wrinkled faces, tears in eyes, body feeble and frail.”

To make the students understand the feelings of the aged, the students of “WOMEN CELL CLUB” went to **Mother Teresa Home** on 22.09.2015. The students arranged for a small feast for the inmates of the Mother Teresa home. The students and the teachers served the eatables and other house hold things to the aged and also to the mentally retarded persons in the home. When the aged explained about their agony, students and teachers felt emotional. The aged people wanted the students to visit them regularly so that they would feel happy being in company. Students also gave cultural treats for those people and conducted games where the aged became youth.

Outcome: Students understood the pain of the less privileged of the society.
