Violence against women is one of the most widespread divesting human rights violations in our country today. It continues to be an obstacle to achieving equality, development, peace as well as to the fulfillment of women human rights. Efforts to prevent and end violence against women at the Global, Regional and National levels show that there is widespread impunity on sexual violence and rape. Fatima College, Madurai, took efforts to eliminate violence against women through the extension activity, the III year students of the Department of History were involved in creating awareness among the public. On Thursday 5.12.2019 they performed a tableau to portraying scenes of women harassment such as kidnapping of women, pouring acid on women's face, and domestic violence. It creates awareness among the by-standers, bus drivers, auto drivers and public passing by in vehicles.
