'Cleanliness is next to Godliness'

Group Discussion on 'Cleanliness was organized On 22nd November 2018, The ancient proverb “Cleanliness is next to godliness” suggests that being clean is nearly as good as being godly or very holy. Sanitation and neatness play an important role in our day to day routine. It is important as it prevents dangerous diseases like Dengue, typhoid, hepatitis, and other diseases caused by mosquito bite, etc. Not only this, we are happier in cleaner surroundings. Cleanliness is traditionally associated with good health, tidiness, and purity. The Rotaractors discussed the cause and effect of cleanliness. They took the oath to put the waste materials in the appropriate dustbin in order to dispose of the waste properly, to keep the classroom and college premises clean, to maintain personal hygiene properly and to maintain the toilets clean and hygienic.

Outcome: This event made them understand the importance of cleanliness. They also made a pledge that they will give importance to personal hygiene and cleanliness in college campuses.
