WOMEN IN SOCIETY

Time : 2.00PM- 4.00PM

Venue : Fatima College, Madurai

No. Of Participants : 84

Resource Person: Dr. Poppy Kamala, Associate Professor & Head, Department of Tamil, Fatima College.

NSS units of Fatima College organized a gender equity program on 28.02.2019 to create awareness among the young girls. Dr. Poppy Kamala, Associate Professor & Head, Department of Tamil addressed the gathering. She made the students think by narrating the past history of women and her progress till today. ‘Not long times ago, main activities in women’s lives were considered being a good cook, an abiding wife, taking care of the kids and the household. Women were not even allowed to vote in the past century, there were very few female scientists because women’s education was never encouraged. Meanwhile, men were taking leading positions in business, economy, and science and were making the image of the society. For a very long time, women were considered inferior to men. However, the role of a woman in society has significantly changed during recent decades. The first positive changes connected with the role of the women became especially obvious after World War I. Gradually people started realizing the importance of women in society as it is. It’s safe to say that it didn’t happen easily. It took lots of tears, fights, and struggle for many generations of women to, at least, get the right to vote. She concluded the session by raising the following question, ‘Do I think that women now have no problem of equality in society? I’m afraid, I can’t say that.’ Program ended with discussion among the students in this context.

OUTCOME: The students learned the challenges women face in society and the way to overcome them.
