YOUTH RED CROSS of FATIMA COLLEGE BROWSE AND LEARN PROGRAMME

Date: 03-10-2019

Time: 10AM – 12 PM

Venue: Department of Shift II

No of participants: 10

Activity: Browse and Learn

Students of Youth Red Cross were divided into three separate groups on 03.10.2019. The Browsing center and Lib-net were allotted for the use of YRC that morning. They were taught First Aid Methods and how to label medicines in medical shops and pharmacies. They browsed to get information on first aids, CPR, Burns Treatment, Fire Safety, Nose Bleed, Appendicitis, Low and High Blood Pressure etc. After collecting the pictures the students sent them to the Coordinator, Ms. M. Aabidha Thaslim and she got them verified by Dr. Mohamed Firdhouse of Government hospital, Dharmapuri. Later the images were sent to the other batches of YRC students for lamination. The activity helped students learn more about first aid and share awareness among people.

OUTCOME: Our students learnt different types of first aid techniques through this programme, which could save many lives at times of need .
