### **ROSA- REACH OUT TO SOCIETY THROUGH ACTION SKILL TRAINING PROGRAMMES**

<b>Name of the Department</b>	: Research Centre of Home Science
<b>Name of the village</b>	: Thandalai
<b>Name of the Activity</b>	: Paper bag making
<b>Number of Beneficiaries</b>	: 7
<b>Number of Students involved</b>	: 20
<b>Date of the Activity</b>	: 20-07-2019

Since plastic is hazardous and non-biodegradable it is mandatory to find alternate ways to use bags which are eco friendly and low cost. So the team of students of the Department of Home Science decided to teach the paper bag making techniques to the school children to create a plastic free environment. The children in the village found the techniques very useful and they learnt it in a single attempt. They participated enthusiastically and are regularly making paper bags for daily usage.
