The Academic year 2019-20 kick started with a vibrant session, “Faculty Enrichment Programme on Enhancing Relationship Style” organized by IQAC of Fatima College. It was a two day programme (June 13 & 14, 2019). The teachers of both Shift I and Shift II participated in the session. The first day session on June 13th, was split into three slots. Rev. Dr. Steephen, Assistant Professor, Dept. of psychology, Anugraha Institute of Social Sciences, Dindigul, was the Resource Person who addressed the staff on Enhancing Relationship Style.

The aim is not only to develop research aptitude but also to sharpen the thinking skills for better citizens.

About workshop

Intellectual Property Rights (IPR) deals with the protection of creations of mind, which have both moral & commercial value. IP law typically grants the author of an intellectual creation, exclusive rights for exploiting and benefitting from their creation. IPR is intended to stimulate the creativity of human minds. It encourages creative activity allowing investors / inventors in research & development, a considerable return on their innovations. IPR encourages publication, distribution and disclosure of their creation to the public, rather than keeping it secret. At the same time it encourages commercial enterprises to select creative works for exploitation. The various types of IP to protect our idea are Trade Secrets - protect secret information, Trademarks - protects brand, Copyrights - protects works of authorship, Patents - protects functional or ornamental features.

Objective

- * Create awareness on the knowhow of applying for patent which is the need of the hour.
- * Create awareness on the various aspects involved in applying for Patents, Copyrights, Trade Secrets, Trade Marks.
- * Create awareness on the products which are fabricated, formulated and standardized, that could be considered for patenting.
- * Create awareness towards innovative research that paves way for applying for patents.
