PARENTS' MEET – III UG & II PG

Fatima College organized a Parent Teacher Meet on 01 July 2016 at Jubilee Hall. The program started by 2 p.m. with the dignitaries lighting the lamp. Ms. M. Priya Percy, Trainer, Consultant and psychiatrist, was the chief-guest of the function. The objective of the meeting was to underscore the norms and protocols of the college and to create a rapport between the parents and the teachers for the holistic development of the students.

Dr. Sr. K. Fatima Mary, the Principal, elaborated on the objectives of the meeting. Emphasizing college as the moulding place for the students, she highlighted the etiquettes expected from the parents and the students to keep intact the established ambiance and integrity of the college. She instructed the students to pursue higher studies and be prepared to face the next phase of their life. She underscored the importance of observing rules and regulations of the college on the convocation day; only two members are allowed to come with the student; the parent should bring the invitation; and the students should bring their college id. The Principal also requested them to preserve their id even after the completion of the course as they would be in need of it if they come to college for any clarification in future. Making a note on the regular attendance and campus interview, she asked the students to be free from the illusory web of media and its effect. She emphasized the prohibition of the usage of cell phone on campus at the UG level. The parents were advised to have a friendly relationship with the students and to prepare them for entering a new threshold life. At the end, she thanked the parents for their cooperation and support rendered to the management.

The chief-guest Ms. M. Priya Percy, in the chief-guest address, defined Parent Teacher Meet as the bridge connecting the teachers and the students. Being an NCC cadet, athlete, dancer and sociology student, this multi-faceted personality explained how she learnt the value of truth in the college. She talked about the impact of media and to stop watching serials. She briefed how relationship should be cherished, and emphasized the need for self-love and self-confidence. Ms. Priya

enumerated with examples how life gives us problems and struggles until we learn lessons from them. She asked the students to stay strong for facing the forthcoming period of life.

Rev. Sr. Flora Francisca, the Secretary, delivered the special address. The Secretary, by citing 'Thirukural', opined how children were the gifts of God for which the parents should be grateful and how the children should help their parents by coming to the forefront in life. She explained the potential of the students by referring to the poem of Bharathiyar. The parents should be the sculptors of their children's life, she said. The students owe a lot to their parents that they should be supportive to them in their old age, like the branches of a banyan tree. She ended her speech with another poetry focusing on determination and clear vision towards future.
