The Principal,
Fatima College (Autonomous),
Madurai – 625 018.

Madam,

Tamilnadu Foodgrains Marketing Yard, Sikkandarchavadi, Madurai, in collaboration with Fatima College, Madurai regularly conducting training, awareness programmes and research activities. One among the programme is on Health and Nutrition awareness among the people of Thandalai village conducted for the past five years.

It is with great pleasure we extend our sincere appreciation to the students from the Research Centre of Home Science, Fatima College, Madurai for their relentless efforts towards creating awareness among the people of Thandalai village. The collaborative efforts yielded fruitful outcome to the people of Thandalai village.

The enthusiasm shown by the students and teachers in the awareness programmes on Health and Nutrition is highly commended.

The college students made a maiden attempt to reach the school students and the teachers to estimate the prevalence of malnutrition. After assessing the nutritional status, intervention program by way of Nutrition Education was rendered to the students, teachers and parents of the village. Nutrition and Health Education programme, organised by the students in the schools of Thandalai were greatly beneficial.

Best wishes to the students and staff of Fatima College for their socially responsible activities and their efforts are appreciated by the people of Thandalai village.

Madam,

We highly commend the students of Fatima College for extending their services in our Sambakulam village a part of their Extension Activity. They Enthusiastically participated in the cleaning activities and gave awareness to our village people in many aspects. Their participation in Dengue awareness is highly remarkable. The students also clean our village and went door to door campaign in order to deliver the hazards of plastics. The students distribute pamphlets to the two wheelers to follow the Road safety rules and regulations. Our school children got benefitted by this extension service. The college students teach us 7 steps of washing hand in order to create awareness on Covid-19. The participation of students and faculty was well noticed and appreciated by our Village people. We are extremely delighted to have such a socially responsible Educational Institution in our neighborhood. Let their good work of reaching out to the community continue.

Thanking you,

Dear Sister,

SUB: Appreciation Letter - reg.

This letter serves to extend our warmest regards and appreciation for the commendable work that has been undertaken by the III ug students of English shift II under Extension activity at C.Pudur ,Madurai.

The relentless efforts of the students in developing the adopted village is tremendous. Planting medicinal plants and promoting the cleanliness of the villagers and village provides eco friendly environment and upgrade the villagers to healthy lifestyle. Education is the backbone of the society and teaching English to the kids in the Government Middle school of C.Pudur not only helps in upgrading the grades of the students but also serves as an eye opener on the importance of learning the second language which is the need of the hour.

The frequent medical camps and career counselling programs especially for women helps them to develop their entrepreneurial skills and strategy to set their own business. The venture you have undertaken is laudable, praiseworthy and we appreciate the students and the management for motivating them in such kind of activities. Let this be continued in the years to come with god's blessings.

Thank you

Yours truly,

Secretary
