## ABOUT THE COLLEGE

Fatima College (Autonomous), Mary Land, Madurai, is a Postgraduate College for women affiliated to Madurai Kamaraj University. It is a Catholic Minority Institution established in 1953 and run by St. Joseph's Society of Madurai (of the Congregation of the sisters of St. Joseph of Lyon, France). This institution came into existence through the tireless efforts of the missionary sisters of St. Joseph of Lyon and the zeal and heroic sacrifice of Rev. Sr. Rose Benedicta, the Foundress of the College. The College offers 24 Undergraduate Programmes, 15 Postgraduate Programmes and 3 Professional Programmes. 8 Departments have become Research Centres. It is re-accredited with 'A++' Grade by NAAC (Cycle-IV).

## ABOUT THE DEPARTMENT

The AICTE approved professional programme MCA (Masters in Computer Applications) was started in the year 1994. The programme covers the technical as well as the managerial aspect of computer applications including 6 months of industrial training. By means of CBCS, students are encouraged to earn credits based on their selection of courses even beyond their curriculum. NPTEL / SWAYAM / MICROSOFT CERTIFICATIONS are also provided to earn extra credits. Specialization Electives based on three latest domains such as Artificial Intelligence & Machine Learning, Data Analytics and Distributed System Security are provided to help students specialize on their interested domain.

## ABOUT THE SEMINAR

The Conference on "Intelligent Technologies for Global Sustainability" focuses on the role of emerging technologies in addressing global sustainability challenges. It brings together academicians, researchers, industry experts, and students to share innovative ideas, research findings, and best practices. The seminar highlights the applications of AI, IoT, smart systems, and other intelligent technologies in resource conservation, environmental protection, energy efficiency, and sustainable development. It aims to foster collaboration and promote technology-driven solutions for a sustainable and resilient future.

The conference aims to explore intelligent technological solutions for global sustainability, promote knowledge exchange and interdisciplinary collaboration, and highlight innovative approaches to efficient resource utilization and environmental protection. It also seeks to encourage responsible innovation and the adoption of sustainable, technology-driven practices.
