MOOCs ON SWAYAM ('Study Webs of Active Learning for Young Aspiring Minds')

SWAYAM is an indigenous platform of the Government of India which hosts MOOCs (Massive Open Online Course) to enable students to virtually attend the courses taught by the faculty. It provides access to high quality reading resources, enables participation in discussion forums, taking up tests

and earning academic grades. The UGC has issued UGC Regulation, 2016 for the credit transfer of MOOCs courses.

- 📖 SWAYAM course is a 12-15-week structured course comprising video lectures, reading materials (that can be downloaded/printed), self-assessment tests and online discussion forum.
- 📖 Students can enroll for MOOCs in June and November every year.
- 📖 Learner can earn a certificate/credit on successful completion of a course on SWAYAM.
- 📖 Once the learner acquires the credit, it will be entered in the cumulative mark sheet as Extra Credit.

E-CONTENT

To facilitate the students with precise and better understanding of their subjects, the staff members are requested to prepare at least 2 videos/semester. This SLO – (Short Learning Object) helps the students have a quick review of the concepts; also, it encourages the slow learners to understand the topic in their pace. The videos are internally reviewed within the department and uploaded on the college website.

VALUE EDUCATION: Value Education Course is offered to all Under Graduate students. The first-year syllabus focuses on Personal Values and Values of Life; the second-year syllabus focuses on Professional Ethics and Personality Development; and the third-year syllabus deals with Family, Marriage and Life skill.

STRATEGIES ADOPTED TO IMPROVE LEARNING SKILLS (SAILS): SAILS programme creates a healthy environment conducive to learning for slow learners. The slow learners of the subject are identified by the course teachers based on their performance during the Bridge Course, class tests and the first internal test. Accordingly, their academic needs are assessed and they are provided an appropriate learning environment with the support of peer learning and modification of teaching methods. Extra classes with separate timetables are organised to train the slow learners and the vernacular medium students. The

outcome of such remedial coaching supports the students to cope with their studies and join the mainstream.

SOFT SKILLS: Soft Skills is a 40-hour, 2-credit off-class course in the first semester for all Post Graduate students.
