***HOSTEL ANNUAL REPORT***  
***2018 - 2019***

***“The Best and most beautiful things in the world cannot be seen or even touched.***

***They must be felt with the heart” – Helen Keller.***

One best thing in life as humans we enjoy is relationship. The relationships built in love energise us and rejuvenate us especially in moments when we feel down in emotions. It does not matter that we need to be connected to the other through family bond to develop relationship. When we are in acquaintance with someone for awhile, there is mutual trust created between us and we start to develop a relationship. This relationship has many names such as friendship, brotherhood, fraternity and at times leads to creating our own family. Staying together and helping each other is a part of our Indian culture that flows from our joint family system.

***There is a destiny that makes us brothers:***

***None goes his way alone:***

***All that we send into the lives of others***

***Comes back onto our own. - Edwin Markham***

Life is very beautiful to live in fraternity. Life in Fatima hostel gives such wonderful memories to cherish for the one who has passed this way even after many years. Although as strangers they enter in to Fatima campus, it does not take much time for them to a close connectedness. The bond of friendship that exists with each other wipes away their heaviness of being away from home. The fun, support, encouragement, unity and belongingness surpass all their differences based on economic status, religion, caste and linguistics.

Parents are very particular and prefer to put their girl in Fatima Hostel although there are many hostels around Fatima College. What makes Fatima Hostel unique is the best atmosphere that exists in the campus.
