All good

This college makes too much stress. There is no freedom for students so they are not feeling well. More rules and regulations irritates us. Providing remedial class is unfair this make them to feel as they are losers . Giving home work like school is very immature. This college make my daughter very depress. After joining this college She losing herself. Dress code is not possible at every time because various people's came from various city and mainly wearing dress is for their comfort only . Changing college timing may have the possibility to learn extra courses it may be morning or afternoon shift . Self learning may helps to improve themselves so avoid spoon feeding .
