All are good

Nothing to change

Good teaching

It's good

Overall teaching is too good.

No suggestion

Ok

.

There is no suggestions for our teachers .they are always great

Staff should encourage students to participate in extracurricular activities and helps in developing softskills

We need encouragement from teacher to improve in academic ways

Teaching good past i'm learning very well ...

1) Use better graphics and visual media to engage students well.

2) Try to reach every student and ask for their doubts...

3) Make teaching a two way interaction.

Can implement classes with more practical sessions

Best training , guest lectures

Good communication

It can be more of knowledge based rather than book based learning

Still needs more extra classes for certificate courses to pursue and needs some practical experience

Improve learning methods and Provide professional development and opportunities

Everything is great

Try to concentrate morw in practical class

Yes

Good teachers

Need practical orientation, need workshop from experts

it is good institution for women and new opportunities

Give more opportunities to students to develop their skills and explore the variety of field visits opportunities

Everything is well

Give more opportunities to explore the field visits.

The overall teaching was good.

Need some more assistance for placements.

Skill development classes like power BI and Data analytics can be arranged.

Faculty teach well

Totally good

Good experience and teachers also well in teaching

Pressure at last moment can be avoided

It will be good if the final year project work starts in the very beginning (the first day of final year).So,it might reduce the stress of students as well as teachers.

Learning experience was Excellent

1. Have more practical classes and encourage the students to participate in competitions.
2. Have more group discussions and train potential students for many foreign exchange programs.
3. Should improve the overall facilities for the course for the development of students from the quality of guest lectures, class room training, seminars and especially those industrial visits.

-

Skills

Students should speak with english in the classroom, Give some Practical assignment not Theory based.

Improve Oss.

Very good teaching & teachers

Well good

I really appreciate the management for their marvelous service to the student community. Especially, teachers in Fatima are wise and well trained. Thanks to my daer staff for their support and guidance.

1. Providing LCD projectors for all classes.
2. More field visits to gather live knowledge.
3. Give opportunities to all students in college related works and in competitions, regardless of winning and losing.

Recreation activities

Everything is perfect

Everything is good about teaching and learning

Suggest to allot classrooms to all depts.

*

Everything was fine

Just give the space to the students

The Strict rules a d regulations can be relaxed

Teaching at our college is exceptionally good as the faculty focuses on each and every corner of the topic. They not only focus on the curriculum but also enhance. Thank you for everything

I am happy with overall teaching
