The copies of the reports of the achievements and progress of the college during the year 2014-15 were distributed to Dr. G. Kumaresan the University Nominee and the members of the Committee.

After going through the report, the university nominee appreciated the service rendered to the rural students and also all other achievements as the centre for Potential Excellence. He added also that, Fatima college is one of the best colleges in the city.

The following suggestions were made in the meeting.

* As the number of SLET, NET and GATE qualified candidates in the state is less, more importance to train PG students to take up and clear the above said State Level and National Level examinations.

* Students should be motivated to pursue research projects with social relevance and direct application to the society.

Sr. Proctoria Mary.
