HUMANISM FOR A BETTER WORLD - மனிதத்தால் மலரும் அகிலம்

General Theme: HUMANISM FOR A BETTER WORLD

Humans and machines are different of course, but sadly, our world has become mechanical and people, machines. Calamities and the pandemic have tried to nullify peace, only to awaken the 'human' in us and come back strong. Undeniably in the pandemic, we were and are bogged down by ill health, unemployment, financial instability and fear of losing our kith and kin, but we do march on! Thanks to the 'human' in us and humanism in the community. Without it, we would not have seen the present. We gracefully acknowledge the chance given to us to move forward in life, because of the selfless sacrifices rendered by the frontline workers of our country. The common accusation and understanding is, we act humane only when we face struggles or during a calamity. Everyone should remember that irrespective of circumstances, we ought to reflect on the sense of togetherness wherever we are, whomever we may be. Dear students, let us take this opportunity to unite in making the world a haven to all, through rediscovering our humaneness and spontaneous cordiality.
